# Conditionally exempt generator program

Application and waste inventory instructions

## What is the conditionally exempt generator (CEG) program?

The Metro CEG program makes proper disposal convenient and affordable for businesses and helps them keep hazardous waste from harming the environment, humans and wildlife. Improper disposal of such waste violates Oregon law. If your business generates small amounts of hazardous waste, you may be eligible to dispose of it at a designated Metro facility as a conditionally exempt generator (CEG).

## Your business is considered a CEG if it:

- produces less than 220 pounds (100 kilograms) of hazardous waste each month (about 25 gallons of liquid waste with a weight comparable to water)
- produces less than 2.2 pounds of acutely hazardous waste each month
- produces less than 220 pounds of spill-cleanup debris containing hazardous waste each month
- stores no more than 2,200 pounds of hazardous waste on-site.

If your business generates more than 220 pounds of hazardous waste per month or stores more than 2,200 pounds on-site, you must use a licensed hazardous waste hauler to declare and transport your waste. For more information, please call the Oregon Department of Environmental Quality at 503-229-5913.

## To apply to Metro's CEG program for waste disposal

Complete the information on the reverse side of these instructions. Photocopy the blank form if additional inventory lines are needed.

**A: Inventory number** All containers must be labeled with a number that corresponds to this inventory.

**B: Name or type of product** List the product name or type. Examples include "latex paint," "paint thinner," "Tidy Bowl," "Weed and feed," "Drāno," "Simple Green."

**C: Contents or chemical ingredients** List the active ingredients or chemical name(s). Examples include "ethylene glycol," "petroleum distillates," "hydrochloric acid," "2,4-D," "ammonium chloride."

**D: Container information** List the quantity and size of containers. Group containers that are the same product, size and quantity.

**E: Percent full** Estimate the percentage by which the container is full.

The application and detailed inventory will help Metro staff determine whether the waste can be accepted and, if so, the disposal fee. Please return the completed CEG application and inventory form to the facility you wish to use for disposal.

**Metro Central Hazardous Waste Facility**
CEG Program
6161 NW 61st Ave.
Portland, OR 97210
503-223-8133; 503-223-8020 (fax)

or

**Metro South Hazardous Waste Facility**
CEG Program
2001 Washington St.
Oregon City, OR 97045
503-655-0330; 503-655-2699 (fax)

A Metro representative will review your application, estimate the total fee and call to schedule a disposal appointment. If you have not been approved as a credit customer, the full disposal fee must be paid when waste is accepted at the facility. Metro accepts cash, checks and VISA or MasterCard.

For more information about participating in the program or establishing a credit account, call a CEG representative at 503-223-8133 (Metro Central) or 503-655-0330 (Metro South). You can also visit www.oregonmetro.gov/ceg to learn more about the program and hazardous waste.

I will take the waste to:

- ☐ Metro Central Hazardous Waste Facility Northwest Portland (fax: 503-223-8020)
- ☐ Metro South Hazardous Waste Facility Oregon City (fax: 503-655-2699)

**Metro use only**

☐ Manifest created

Date Initials

## Certification

*State and federal hazardous waste laws limit the use of hazardous waste collection programs to those organizations that produce, in one month, less than 100 kilograms (25 gallons or 220 pounds) of hazardous waste, 2.2 pounds of acutely hazardous waste, or 220 pounds of spill-cleanup debris containing hazardous waste. Additionally, your organization must have accumulated less than 2,200 pounds of hazardous waste on-site. Organizations that generate more than this amount are required to use a licensed hazardous waste hauler to manifest and transport their waste.*

*Under penalty of law and for the purpose of receiving the benefits of Metro's conditionally exempt generator (CEG) hazardous waste collection program, I certify that my organization complies with all requirements for conditionally exempt generator (CEG) status, including those stated in the preceding paragraph. I understand that I must pre-register before I can drop off waste. I understand that only the types and quantities of waste listed on the waste inventory form and approved by Metro may be disposed of through this program. I also understand that Metro does not assume liability for my waste and that future liability remains with my organization. Metro may require me to retrieve wastes submitted for disposal.*
