

Westside Trail Master Plan

Figure 2

Segment 1
Tualatin River to Beef Bend Rd
Segment Corridor = 0.85 Miles

Westside Trail Alternatives

- Up to 5% slope, multimodal
- 5% - 8% slope, with steps
- Up to 8% slope, multimodal
- Soft surface
- On-street
- Bridge
- Steps
- Midblock Crossings
- Wetland Crossings
- Minor Stream Crossings

Parks and natural areas

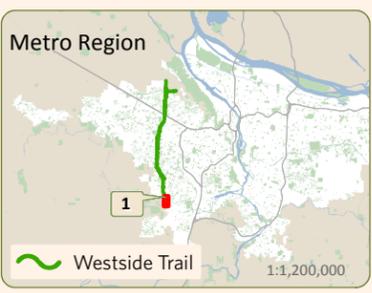

- School sites
- Privately owned
- Publicly owned
- Wetlands

Infrastructure

- Taxlots
- Powerline Towers
- Powerlines
- Streams
- 10 foot contours

Boundaries

- City Boundaries
- County Boundaries
- Tualatin Hills Park & Rec District Boundary
- Segment option number

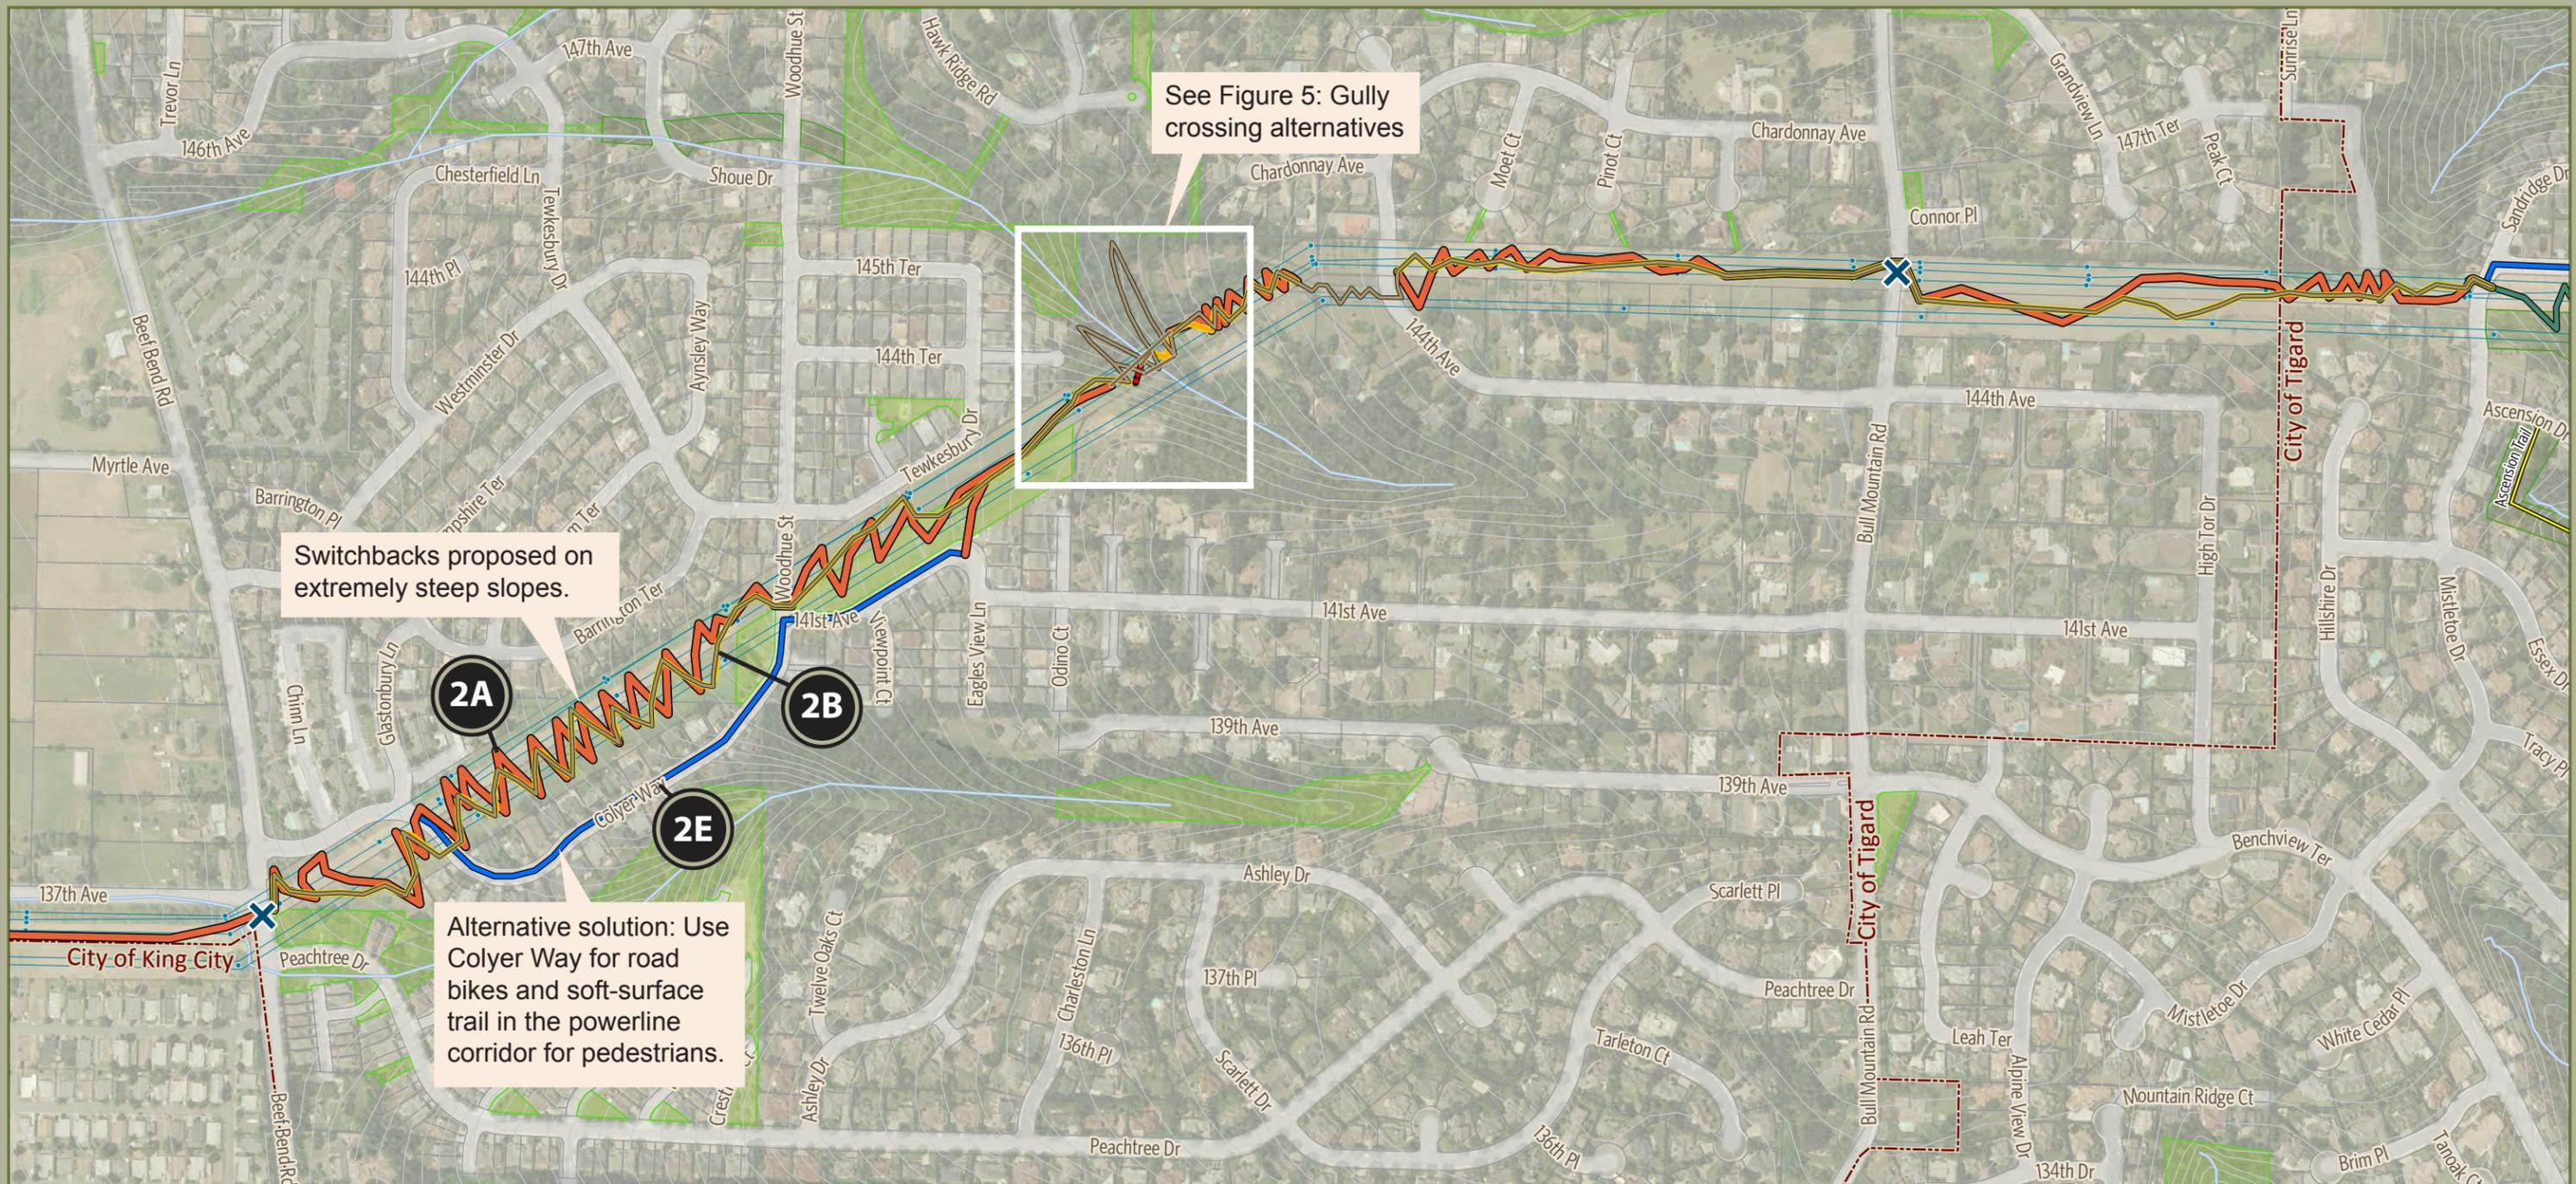

All illustrated alignments subject to change based on final design, permitting, and engineering.

Westside Trail Master Plan

Figure 4

Segment 2
Beef Bend Rd to Tigard city boundary
Segment Corridor = 1.15 Miles

Westside Trail Alternatives

- Up to 5% slope, multimodal
- 5% - 8% slope, with steps
- Up to 8% slope, multimodal
- Soft surface
- On-street

Other Features

- Bridge
- Steps
- Midblock Crossings
- Wetland Crossings
- Minor Stream Crossings

Parks and natural areas

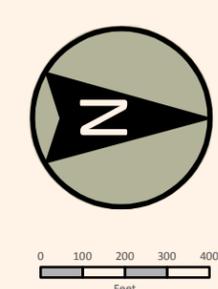

- School sites
- Privately owned
- Publicly owned
- Wetlands

Infrastructure

- Taxlots
- Powerline Towers
- Powerlines
- Streams
- 10 foot contours

Boundaries

- City Boundaries
- County Boundaries
- Tualatin Hills Park & Rec District Boundary
- Segment option number

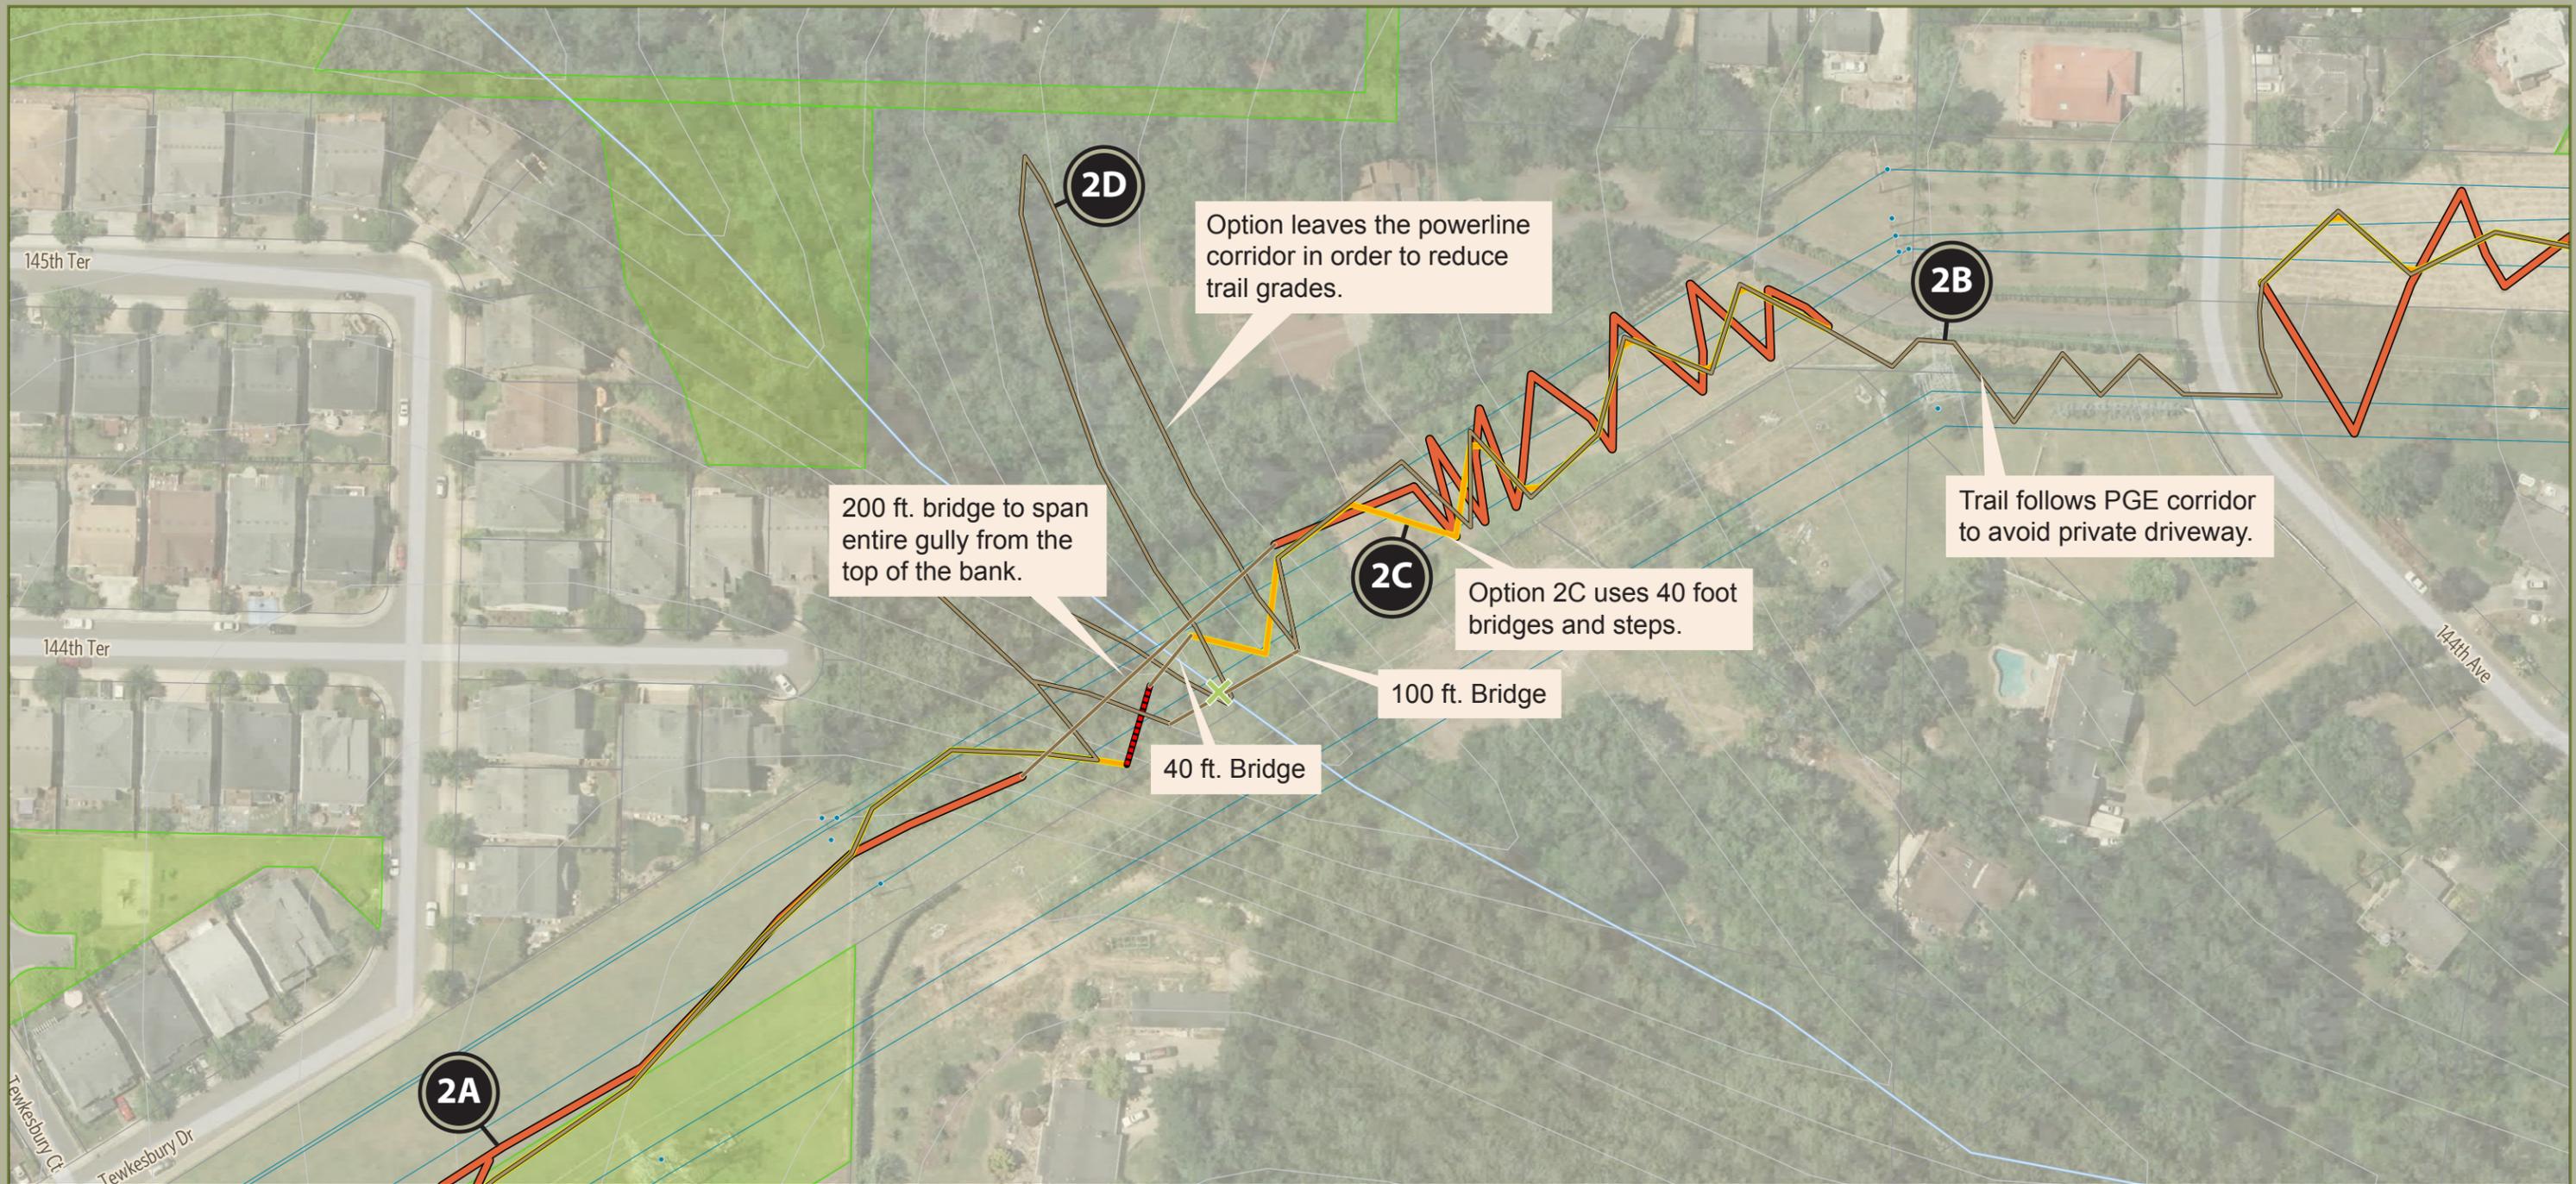

All illustrated alignments subject to change based on final design, permitting, and engineering.

Westside Trail Master Plan

Figure 5

Segment 2 inset
Gully Crossing Alternatives
Segment Corridor = 0.18 Miles

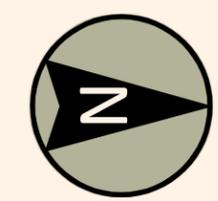

Westside Trail Alternatives

- Up to 5% slope, multimodal
- 5% - 8% slope, with steps
- Up to 8% slope, multimodal
- Soft surface
- On-street
- Bridge
- Steps
- Midblock Crossings
- Wetland Crossings
- Minor Stream Crossings

- Other Existing Trails
- School sites
- Parks and natural areas**
- Privately owned
- Publicly owned
- Wetlands

- Taxlots
- Powerline Towers
- Powerlines
- Streams
- 10 foot contours

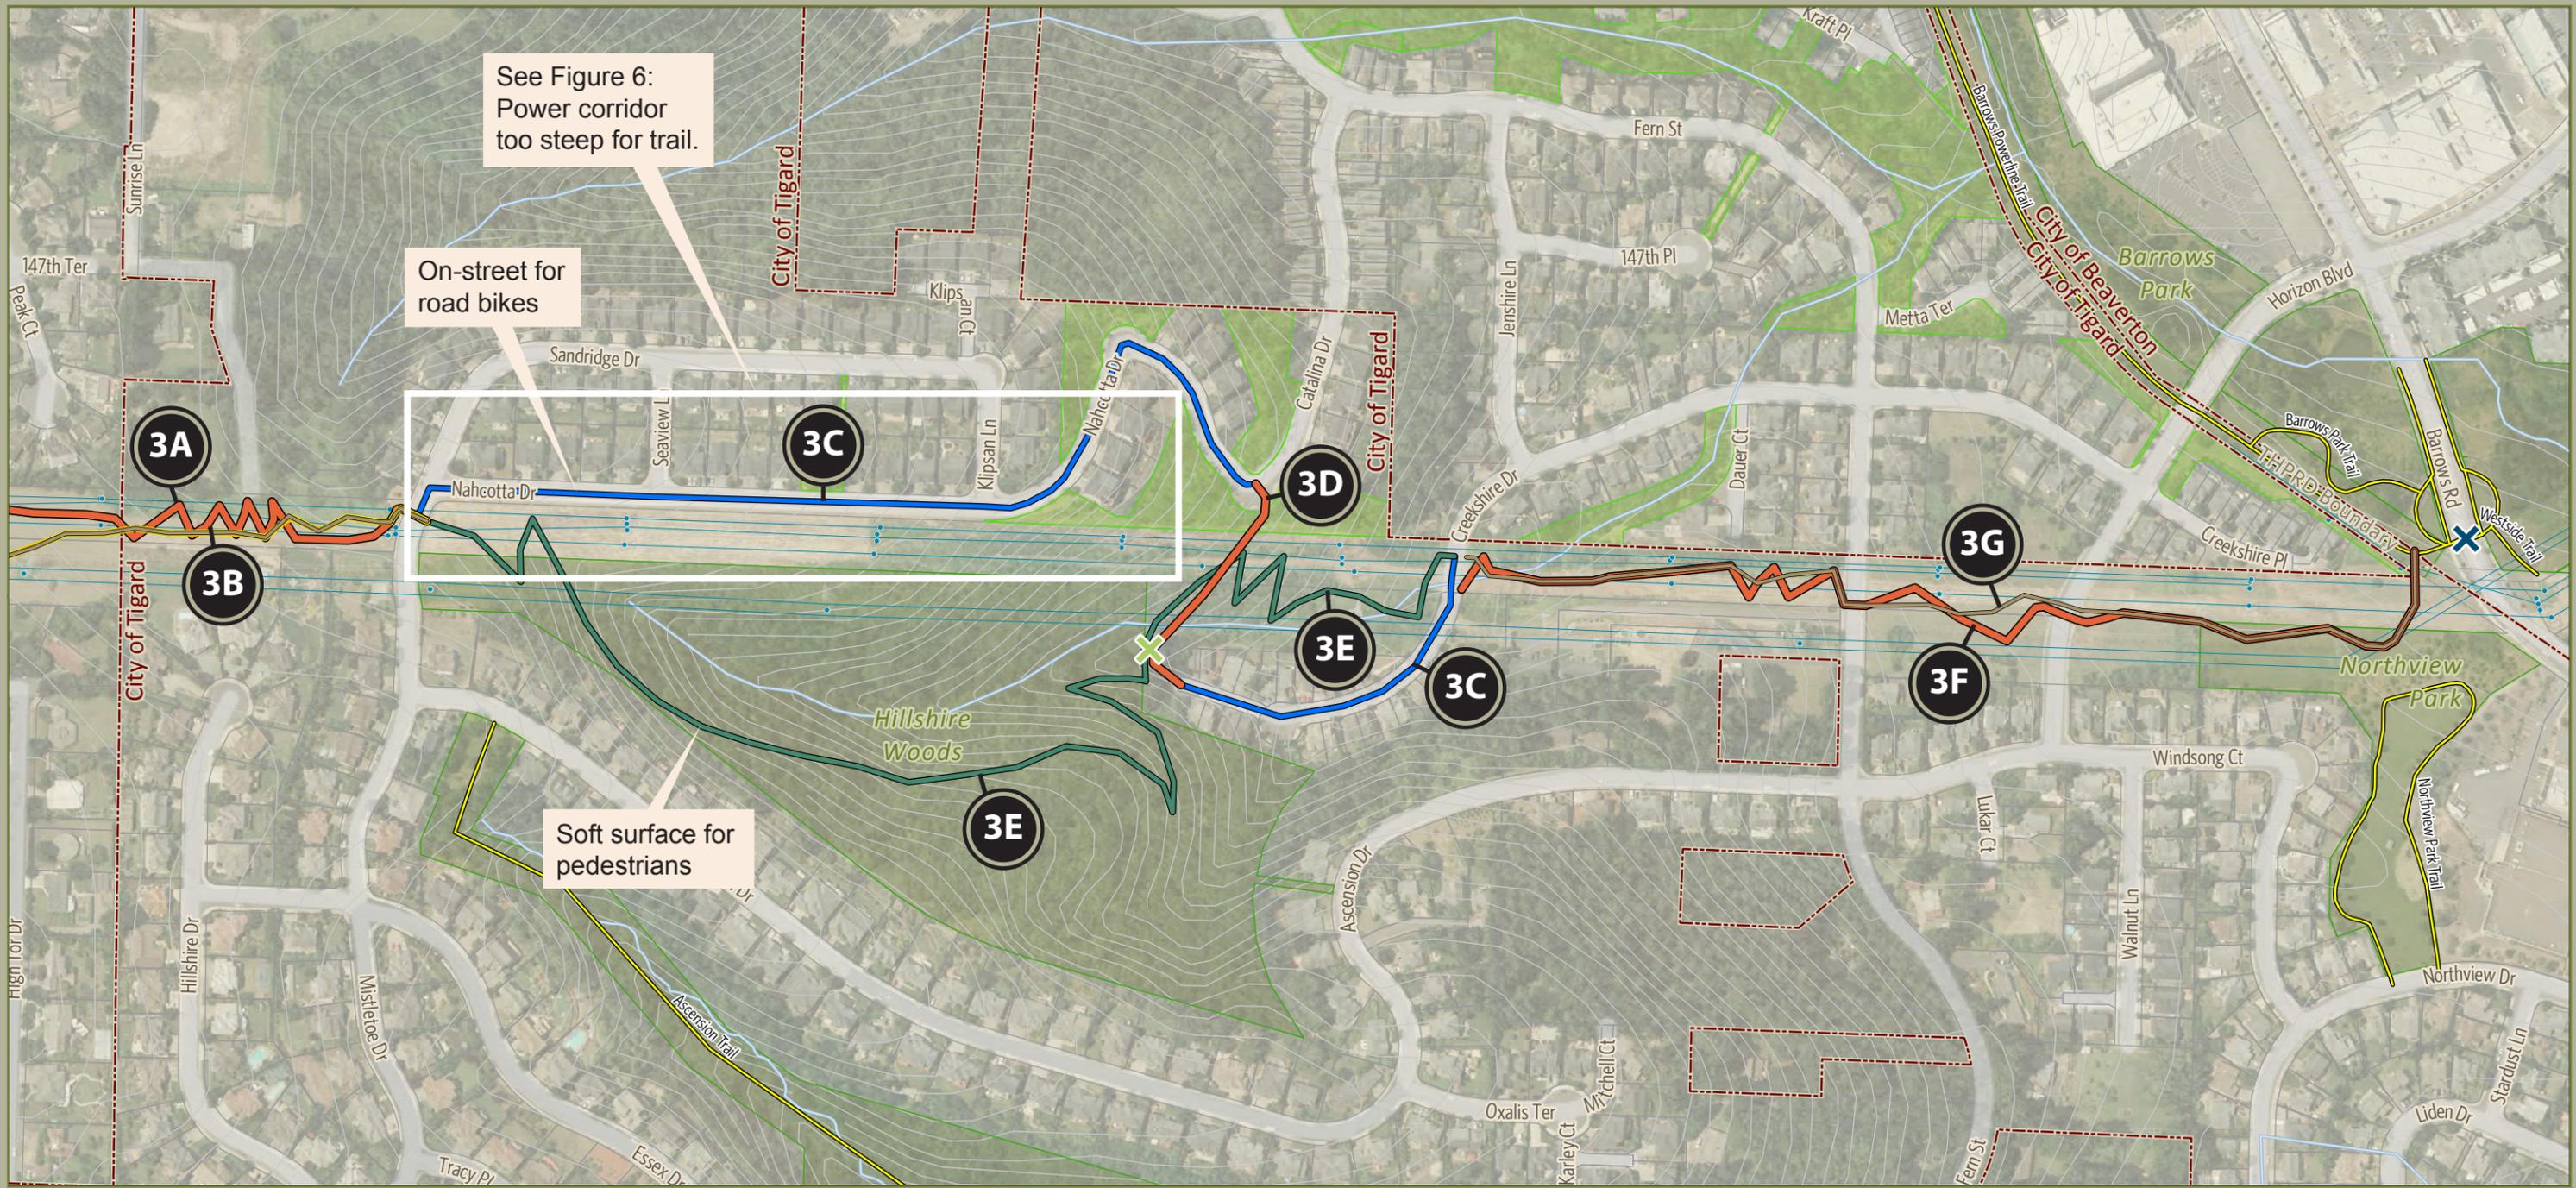

- City Boundaries
- County Boundaries
- Tualatin Hills Park & Rec District Boundary
- Segment option number

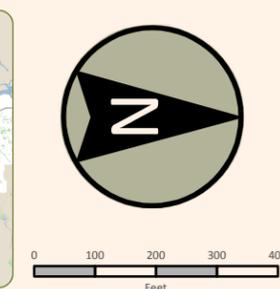

All illustrated alignments subject to change based on final design, permitting, and engineering.

Westside Trail Master Plan Figure 7

Segment 3
Tigard city boundary to Barrows Rd
Segment Corridor = 0.83 Miles

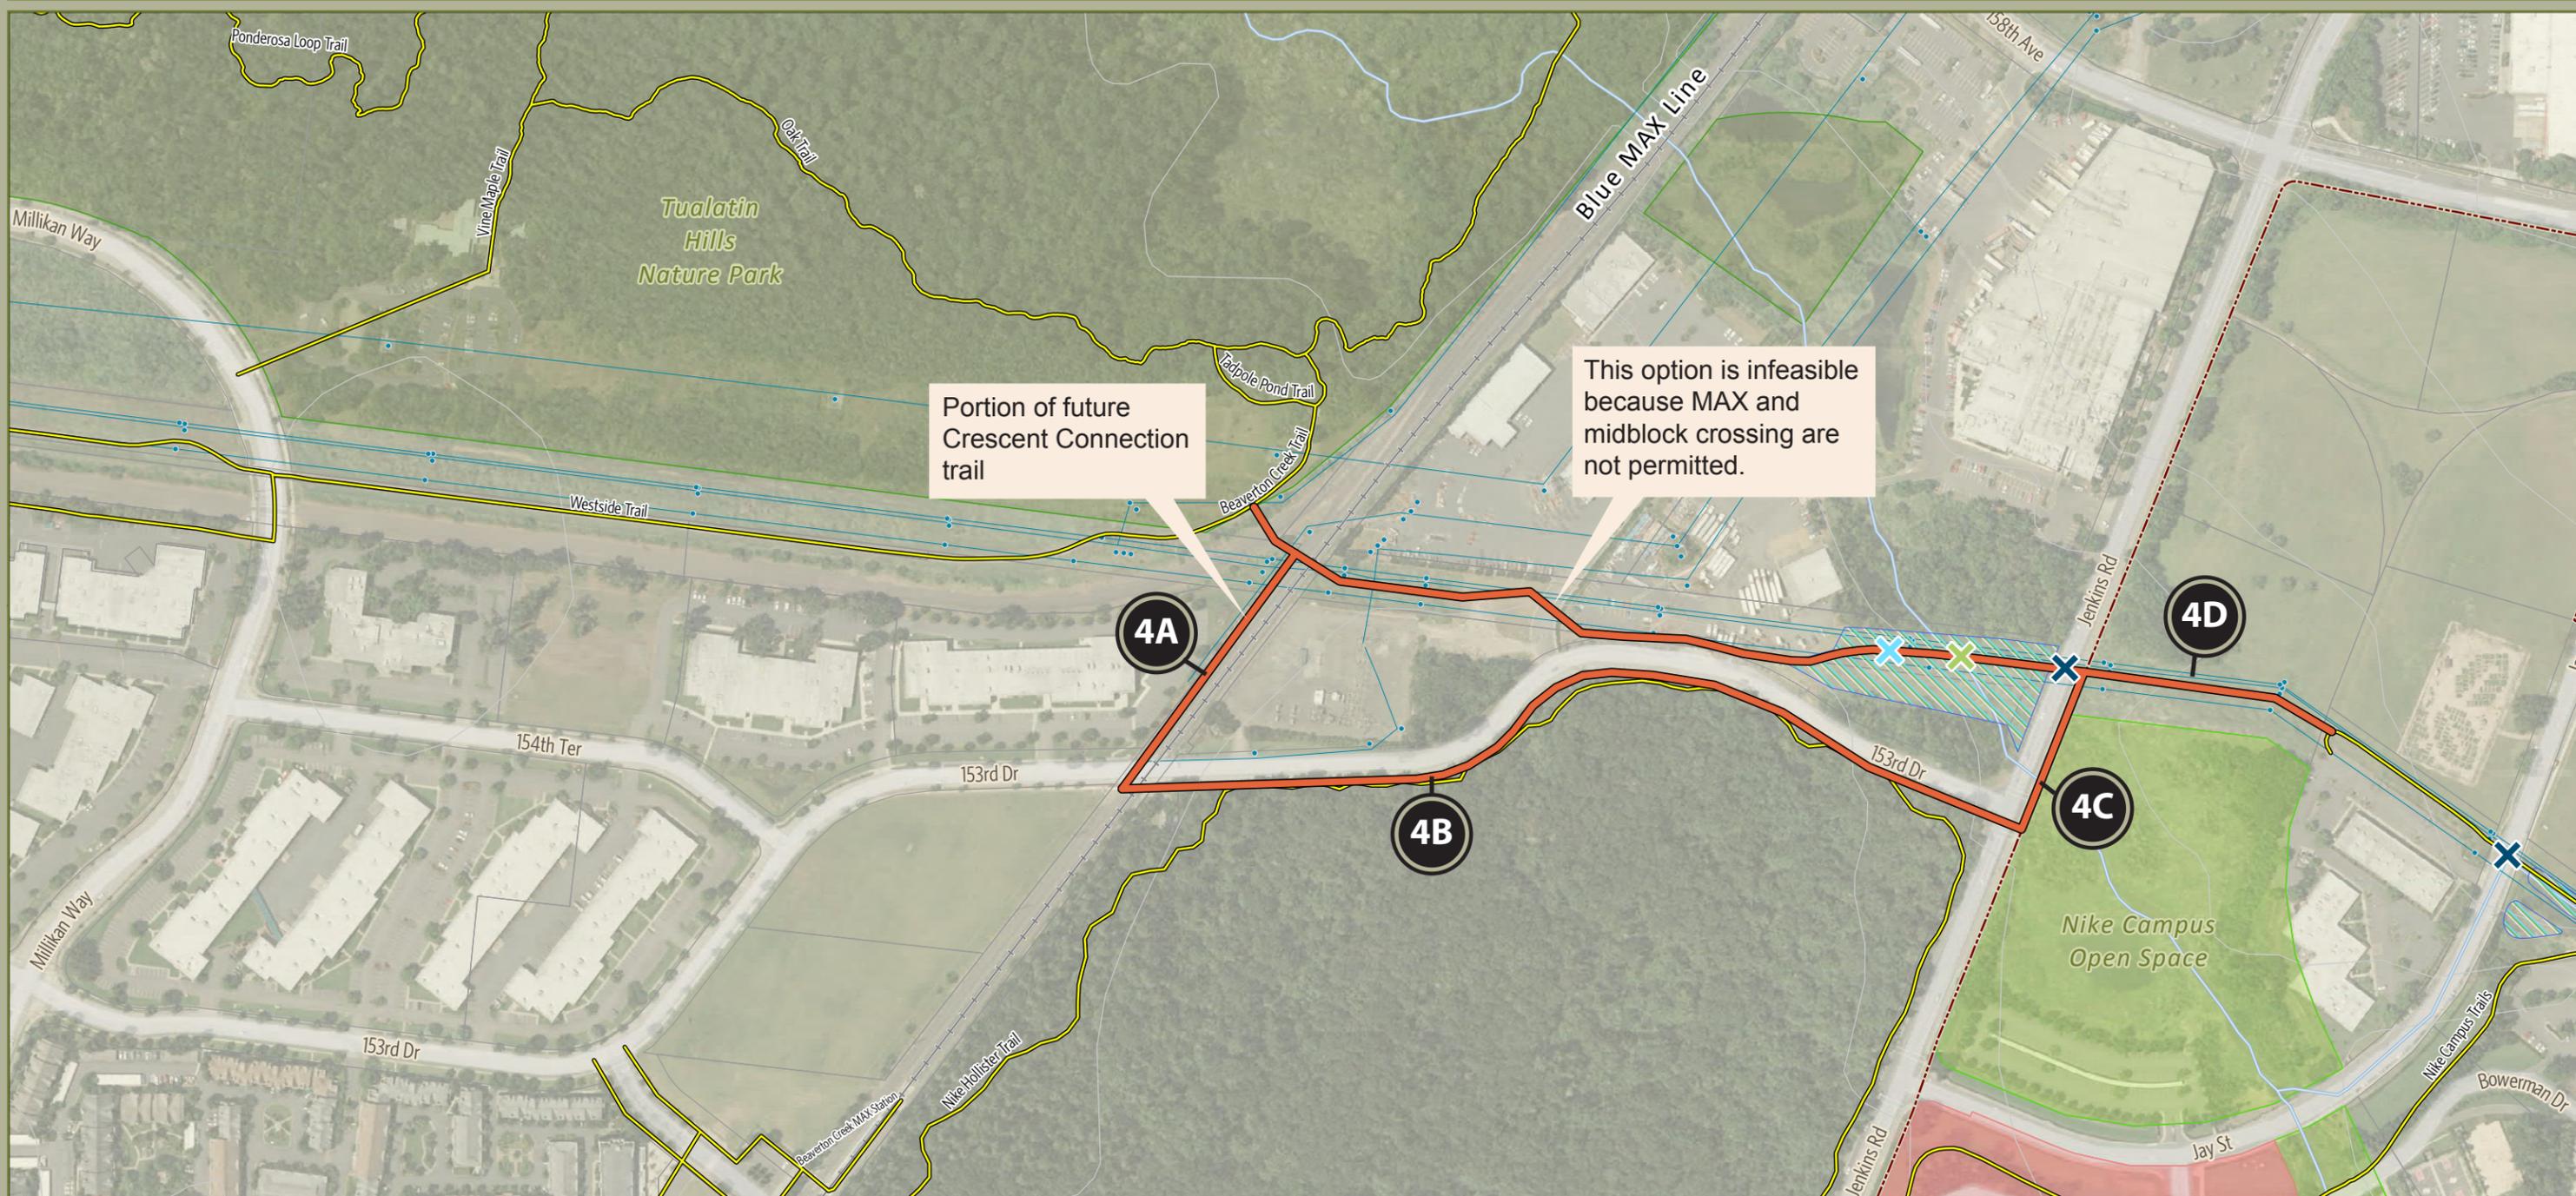

- | | | | | |
|------------------------------------|------------------------|--------------------------------|------------------|---|
| Westside Trail Alternatives | Bridge | Other Existing Trails | Taxlots | City Boundaries |
| Up to 5% slope, multimodal | Steps | School sites | Powerline Towers | County Boundaries |
| 5% - 8% slope, with steps | Midblock Crossings | Parks and natural areas | Powerlines | Tualatin Hills Park & Rec District Boundary |
| Up to 8% slope, multimodal | Wetland Crossings | Privately owned | Streams | Segment option number |
| Soft surface | Minor Stream Crossings | Publicly owned | 10 foot contours | |
| On-street | | Wetlands | | |

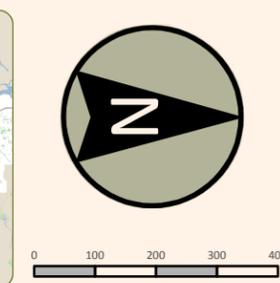

All illustrated alignments subject to change based on final design, permitting, and engineering.

Westside Trail Master Plan **Figure 8**

Segment 4.11, 4.12, & 4.13
MAX Line crossing to Nike Open Space
Segment Corridor = 0.74 Miles

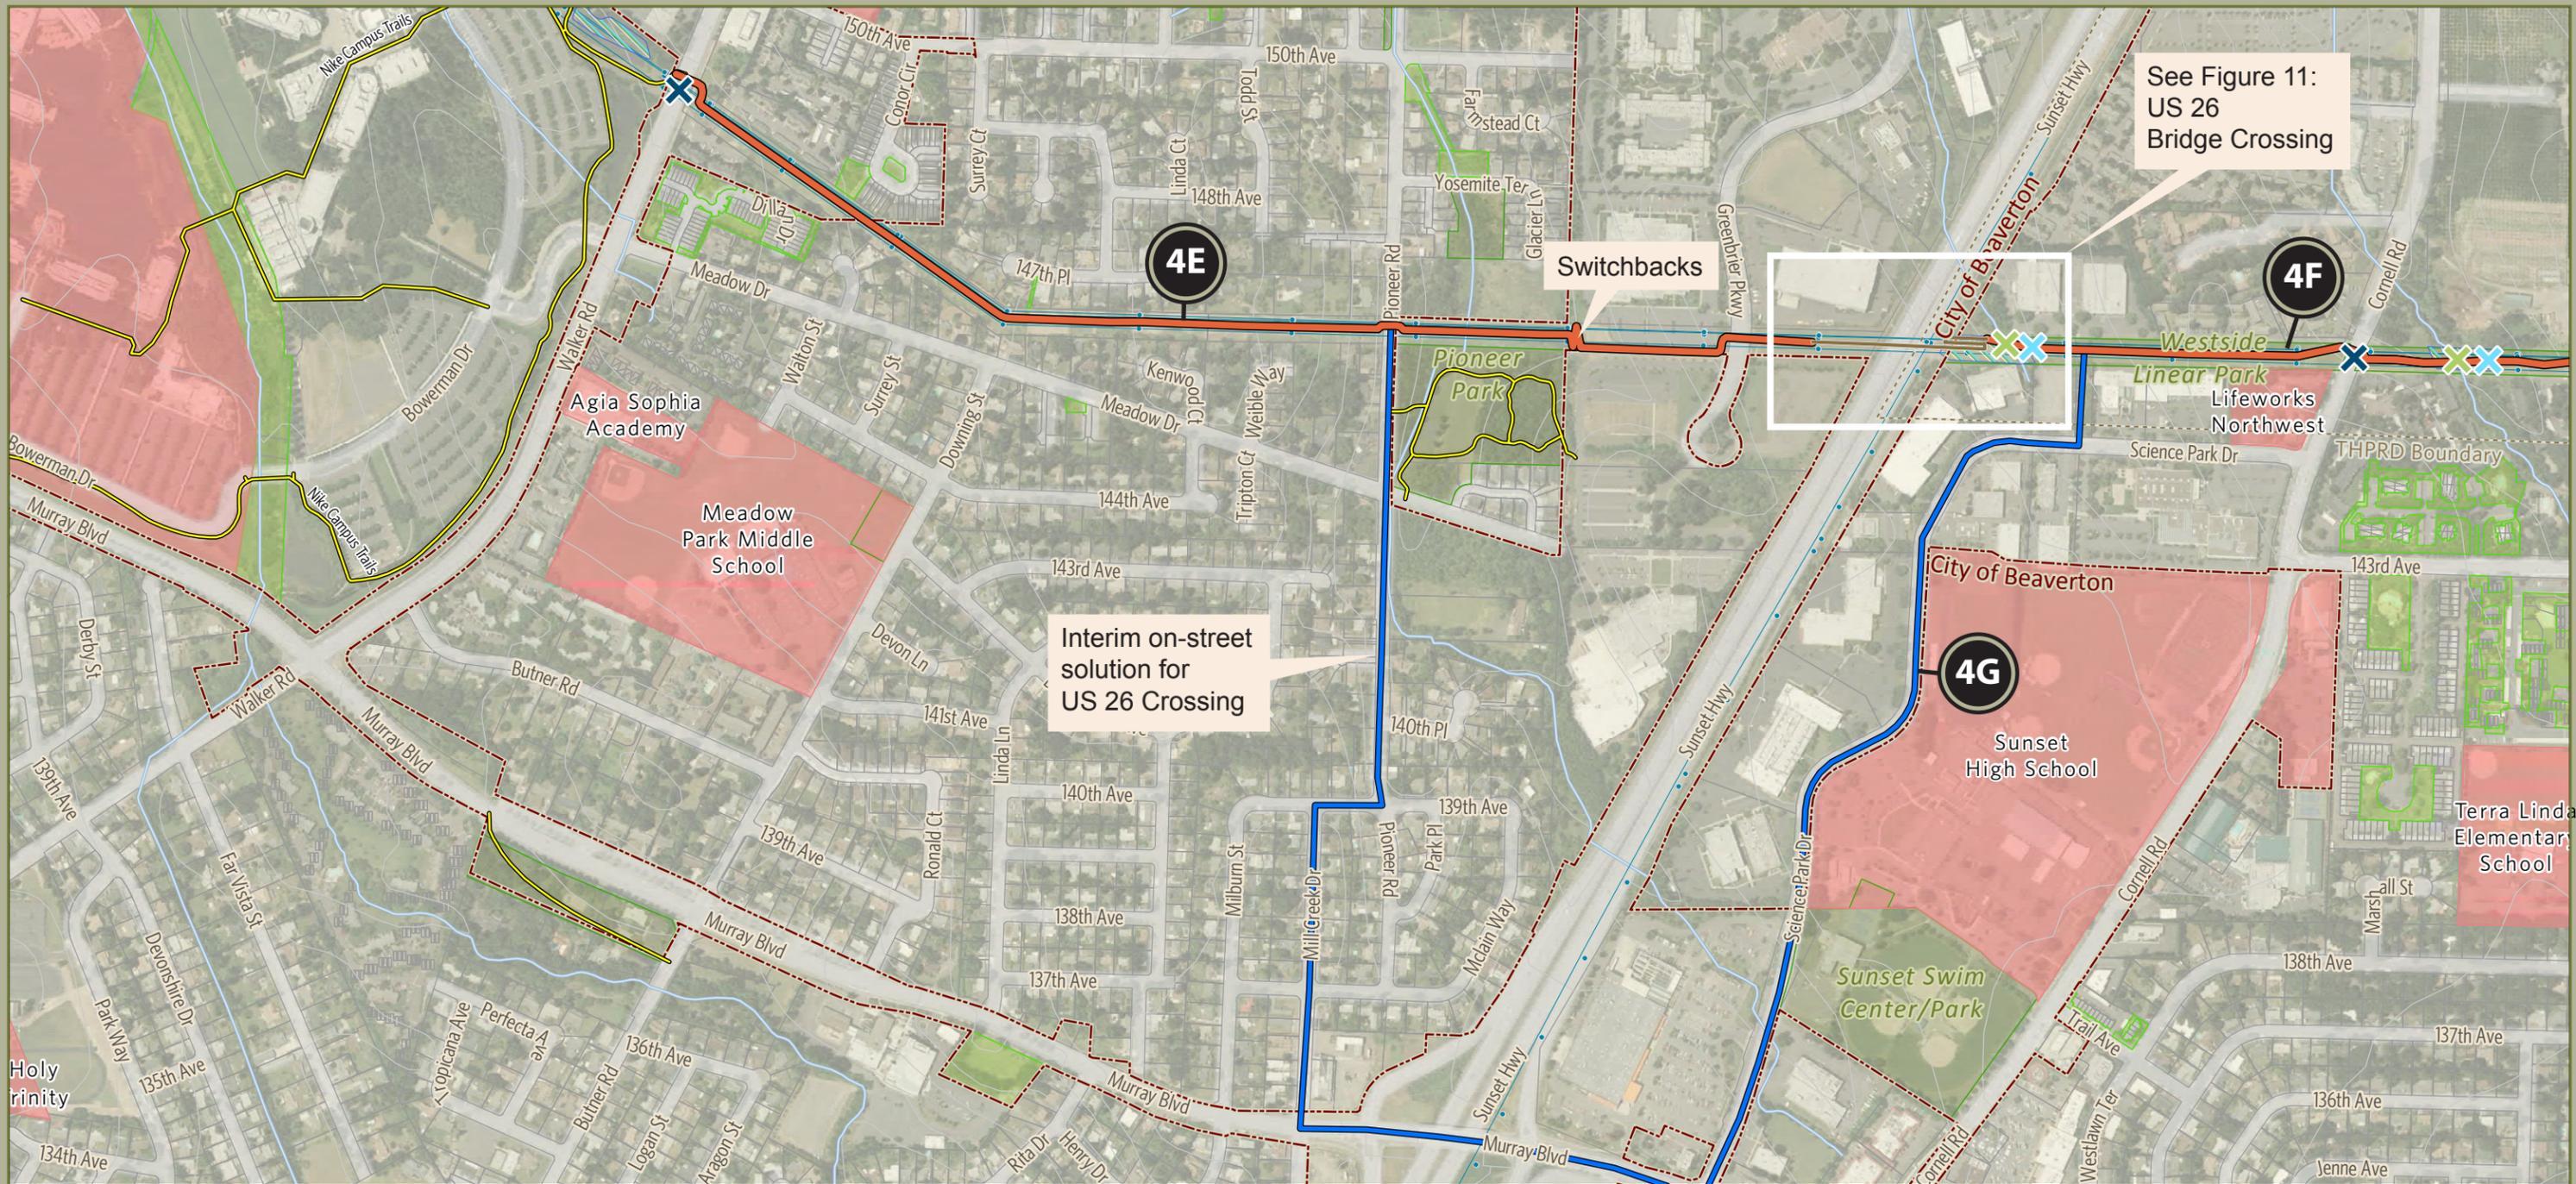

- | | | | | |
|------------------------------------|------------------------|--------------------------------|------------------|---|
| Westside Trail Alternatives | Bridge | Other Existing Trails | Taxlots | City Boundaries |
| Up to 5% slope, multimodal | Steps | School sites | Powerline Towers | County Boundaries |
| 5% - 8% slope, with steps | Midblock Crossings | Parks and natural areas | Powerlines | Tualatin Hills Park & Rec District Boundary |
| Up to 8% slope, multimodal | Wetland Crossings | Privately owned | Streams | Segment option number |
| Soft surface | Minor Stream Crossings | Publicly owned | 10 foot contours | |
| On-street | | Wetlands | | |

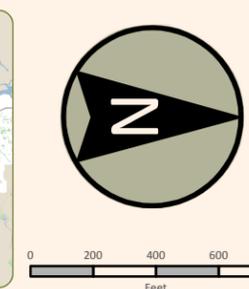

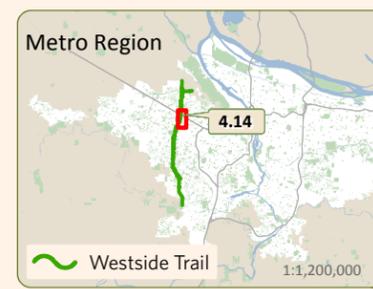

All illustrated alignments subject to change based on final design, permitting, and engineering.

Westside Trail Master Plan **Figure 9**

Segment 4.14
Walker Rd to Sunset Highway
Segment Corridor = 0.91 Miles

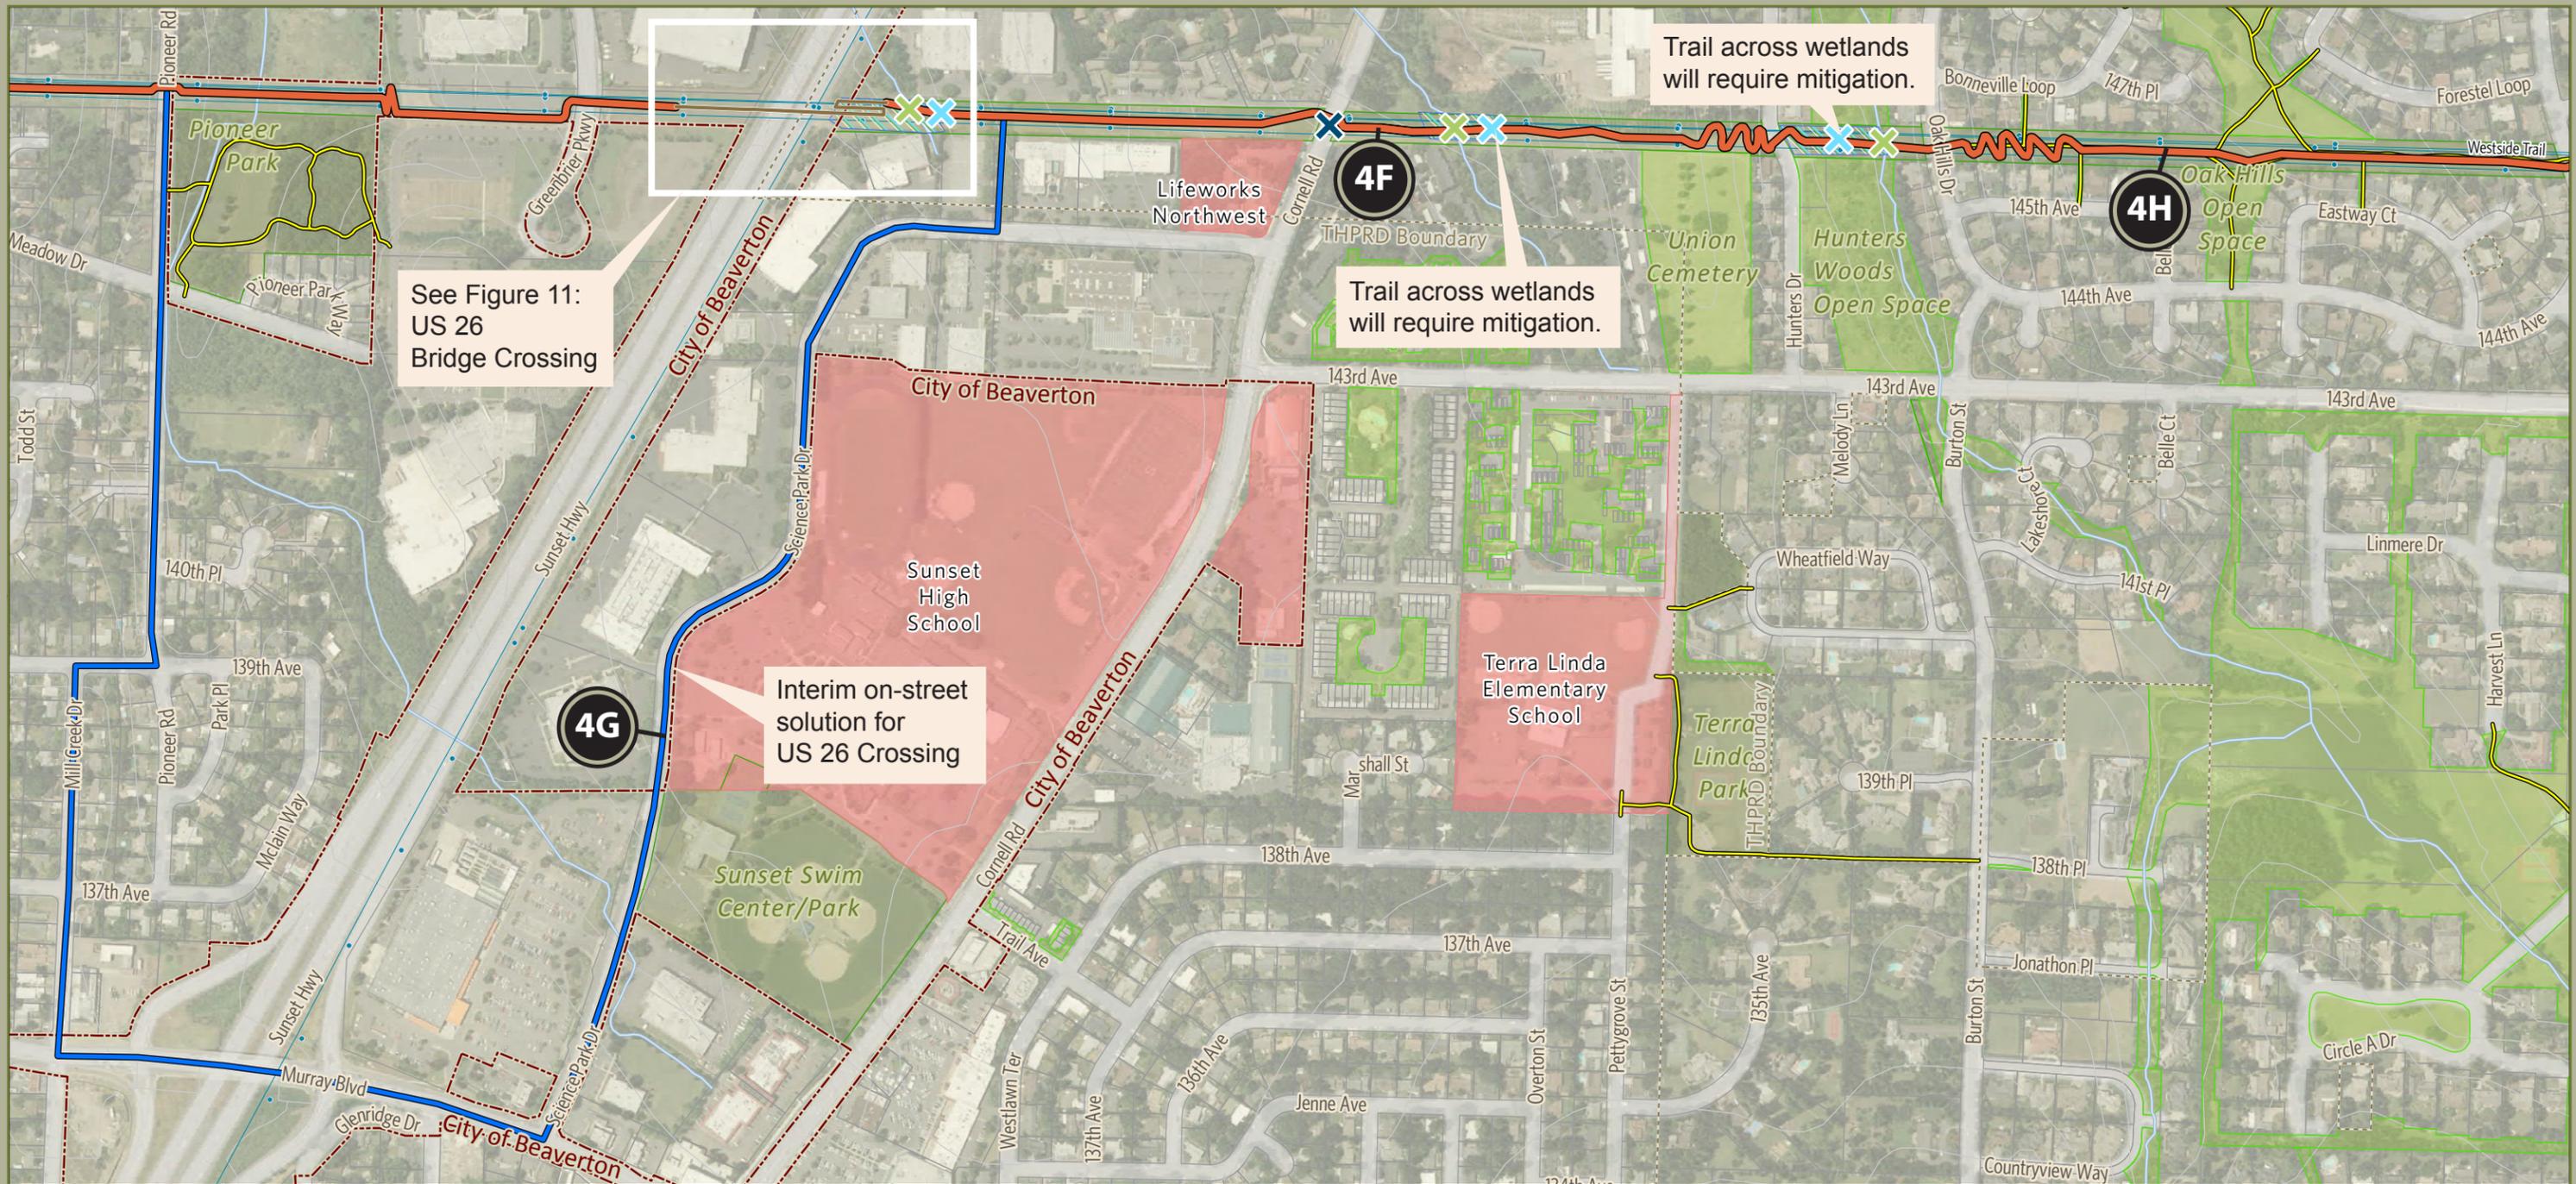

- | | | | | |
|------------------------------------|------------------------|--------------------------------|------------------|---|
| Westside Trail Alternatives | Bridge | Other Existing Trails | Taxlots | City Boundaries |
| Up to 5% slope, multimodal | Steps | School sites | Powerline Towers | County Boundaries |
| 5% - 8% slope, with steps | Midblock Crossings | Parks and natural areas | Powerlines | Tualatin Hills Park & Rec District Boundary |
| Up to 8% slope, multimodal | Wetland Crossings | Privately owned | Streams | Segment option number |
| Soft surface | Minor Stream Crossings | Publicly owned | 10 foot contours | |
| On-street | | Wetlands | | |

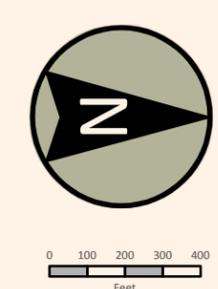

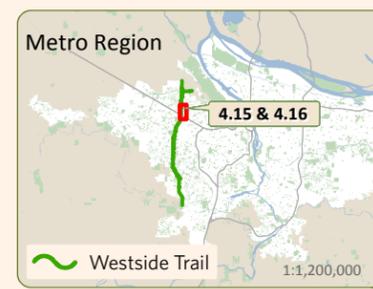

All illustrated alignments subject to change based on final design, permitting, and engineering.

Westside Trail Master Plan **Figure 10**

Segment 4.15 & 4.16
Sunset Highway to NW Oak Hills Road
Segment Corridor = 0.77 Miles

- | | | | | |
|------------------------------------|------------------------|--------------------------------|------------------|---|
| Westside Trail Alternatives | Bridge | Other Existing Trails | Taxlots | City Boundaries |
| Up to 5% slope, multimodal | Steps | School sites | Powerline Towers | County Boundaries |
| 5% - 8% slope, with steps | Midblock Crossings | Parks and natural areas | Powerlines | Tualatin Hills Park & Rec District Boundary |
| Up to 8% slope, multimodal | Wetland Crossings | Privately owned | Streams | Segment option 3C |
| Soft surface | Minor Stream Crossings | Publicly owned | 10 foot contours | |
| On-street | | Wetlands | | |

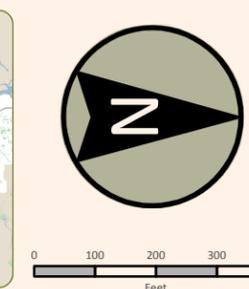

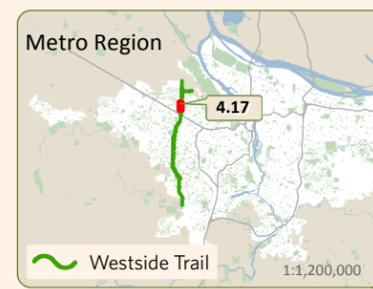

All illustrated alignments subject to change based on final design, permitting, and engineering.

Westside Trail Master Plan **Figure 12**

Segment 4.17
Oak Hills Dr to West Union Rd
Segment Corridor = 0.43 Miles

- | | | | | |
|------------------------------------|------------------------|--------------------------------|------------------|---|
| Westside Trail Alternatives | Bridge | Other Existing Trails | Taxlots | City Boundaries |
| Up to 5% slope, multimodal | Steps | School sites | Powerline Towers | County Boundaries |
| 5% - 8% slope, with steps | Midblock Crossings | Parks and natural areas | Powerlines | Tualatin Hills Park & Rec District Boundary |
| Up to 8% slope, multimodal | Wetland Crossings | Privately owned | Streams | Segment option number |
| Soft surface | Minor Stream Crossings | Publicly owned | 10 foot contours | |
| On-street | | Wetlands | | |

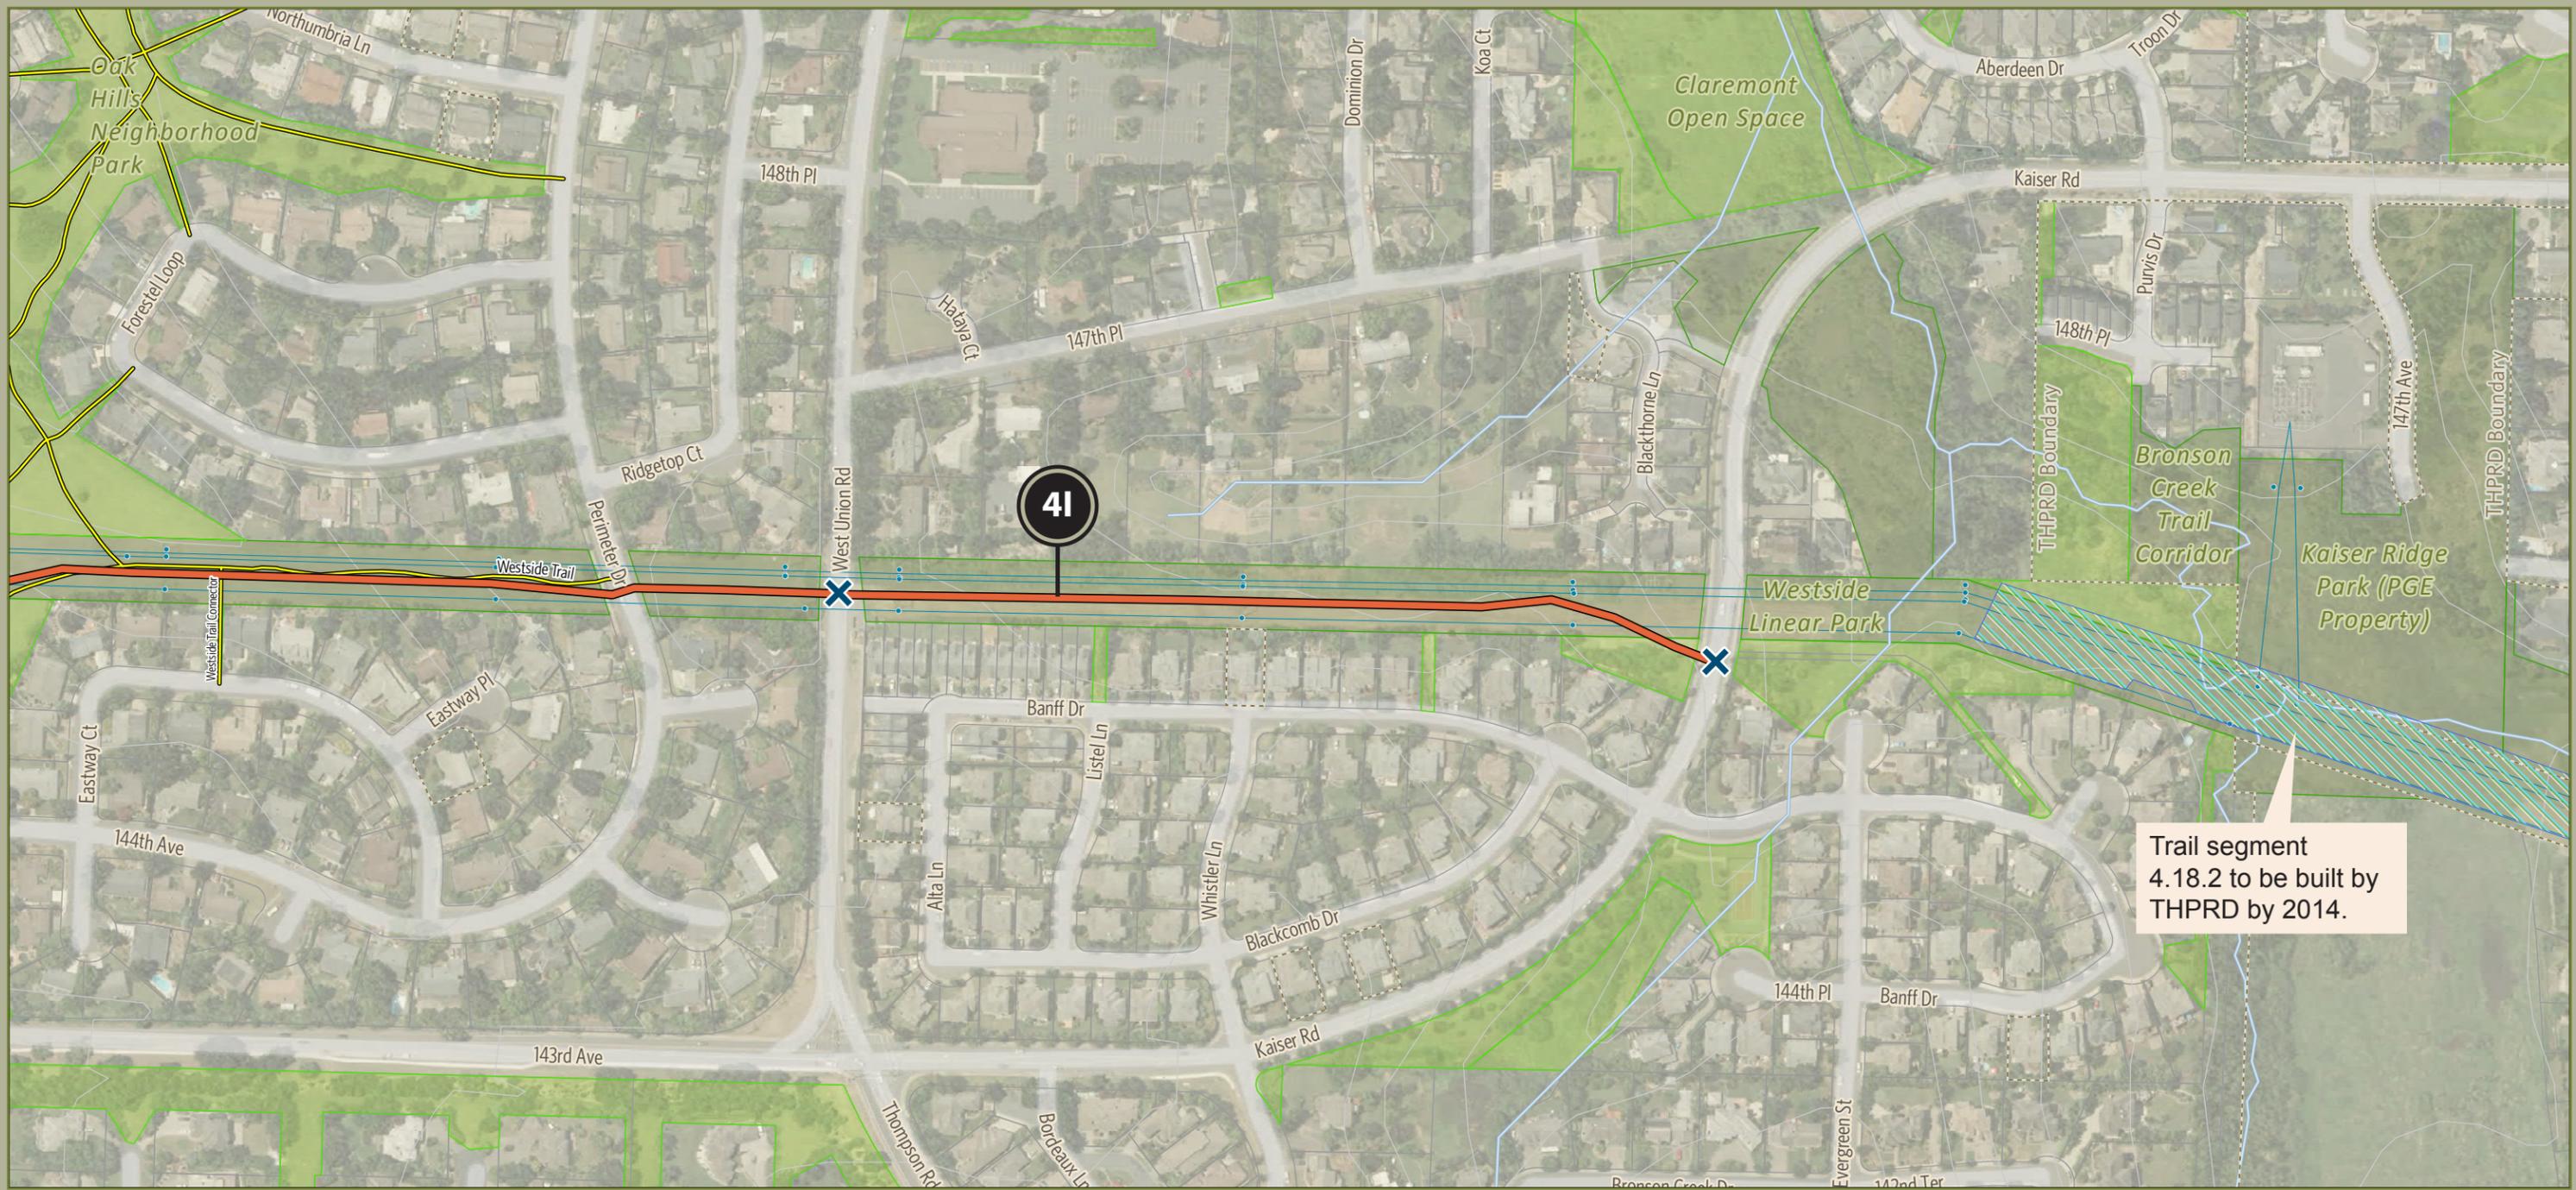

All illustrated alignments subject to change based on final design, permitting, and engineering.

Westside Trail Master Plan

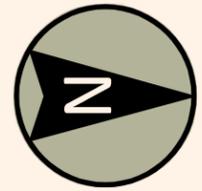

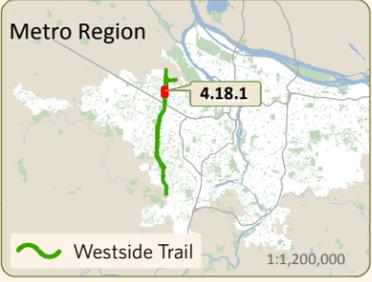

Figure 13

Segment 4.18.1
West Union Rd to Kaiser Rd
Segment Corridor = 0.42 Miles

Trail segment 4.18.2 to be built by THPRD by 2014.

- | | | | | |
|------------------------------------|------------------------|--------------------------------|------------------|---|
| Westside Trail Alternatives | Bridge | Other Existing Trails | Taxlots | City Boundaries |
| Up to 5% slope, multimodal | Steps | School sites | Powerline Towers | County Boundaries |
| 5% - 8% slope, with steps | Midblock Crossings | Parks and natural areas | Powerlines | Tualatin Hills Park & Rec District Boundary |
| Up to 8% slope, multimodal | Wetland Crossings | Privately owned | Streams | Segment option number |
| Soft surface | Minor Stream Crossings | Publicly owned | 10 foot contours | |
| On-street | | Wetlands | | |

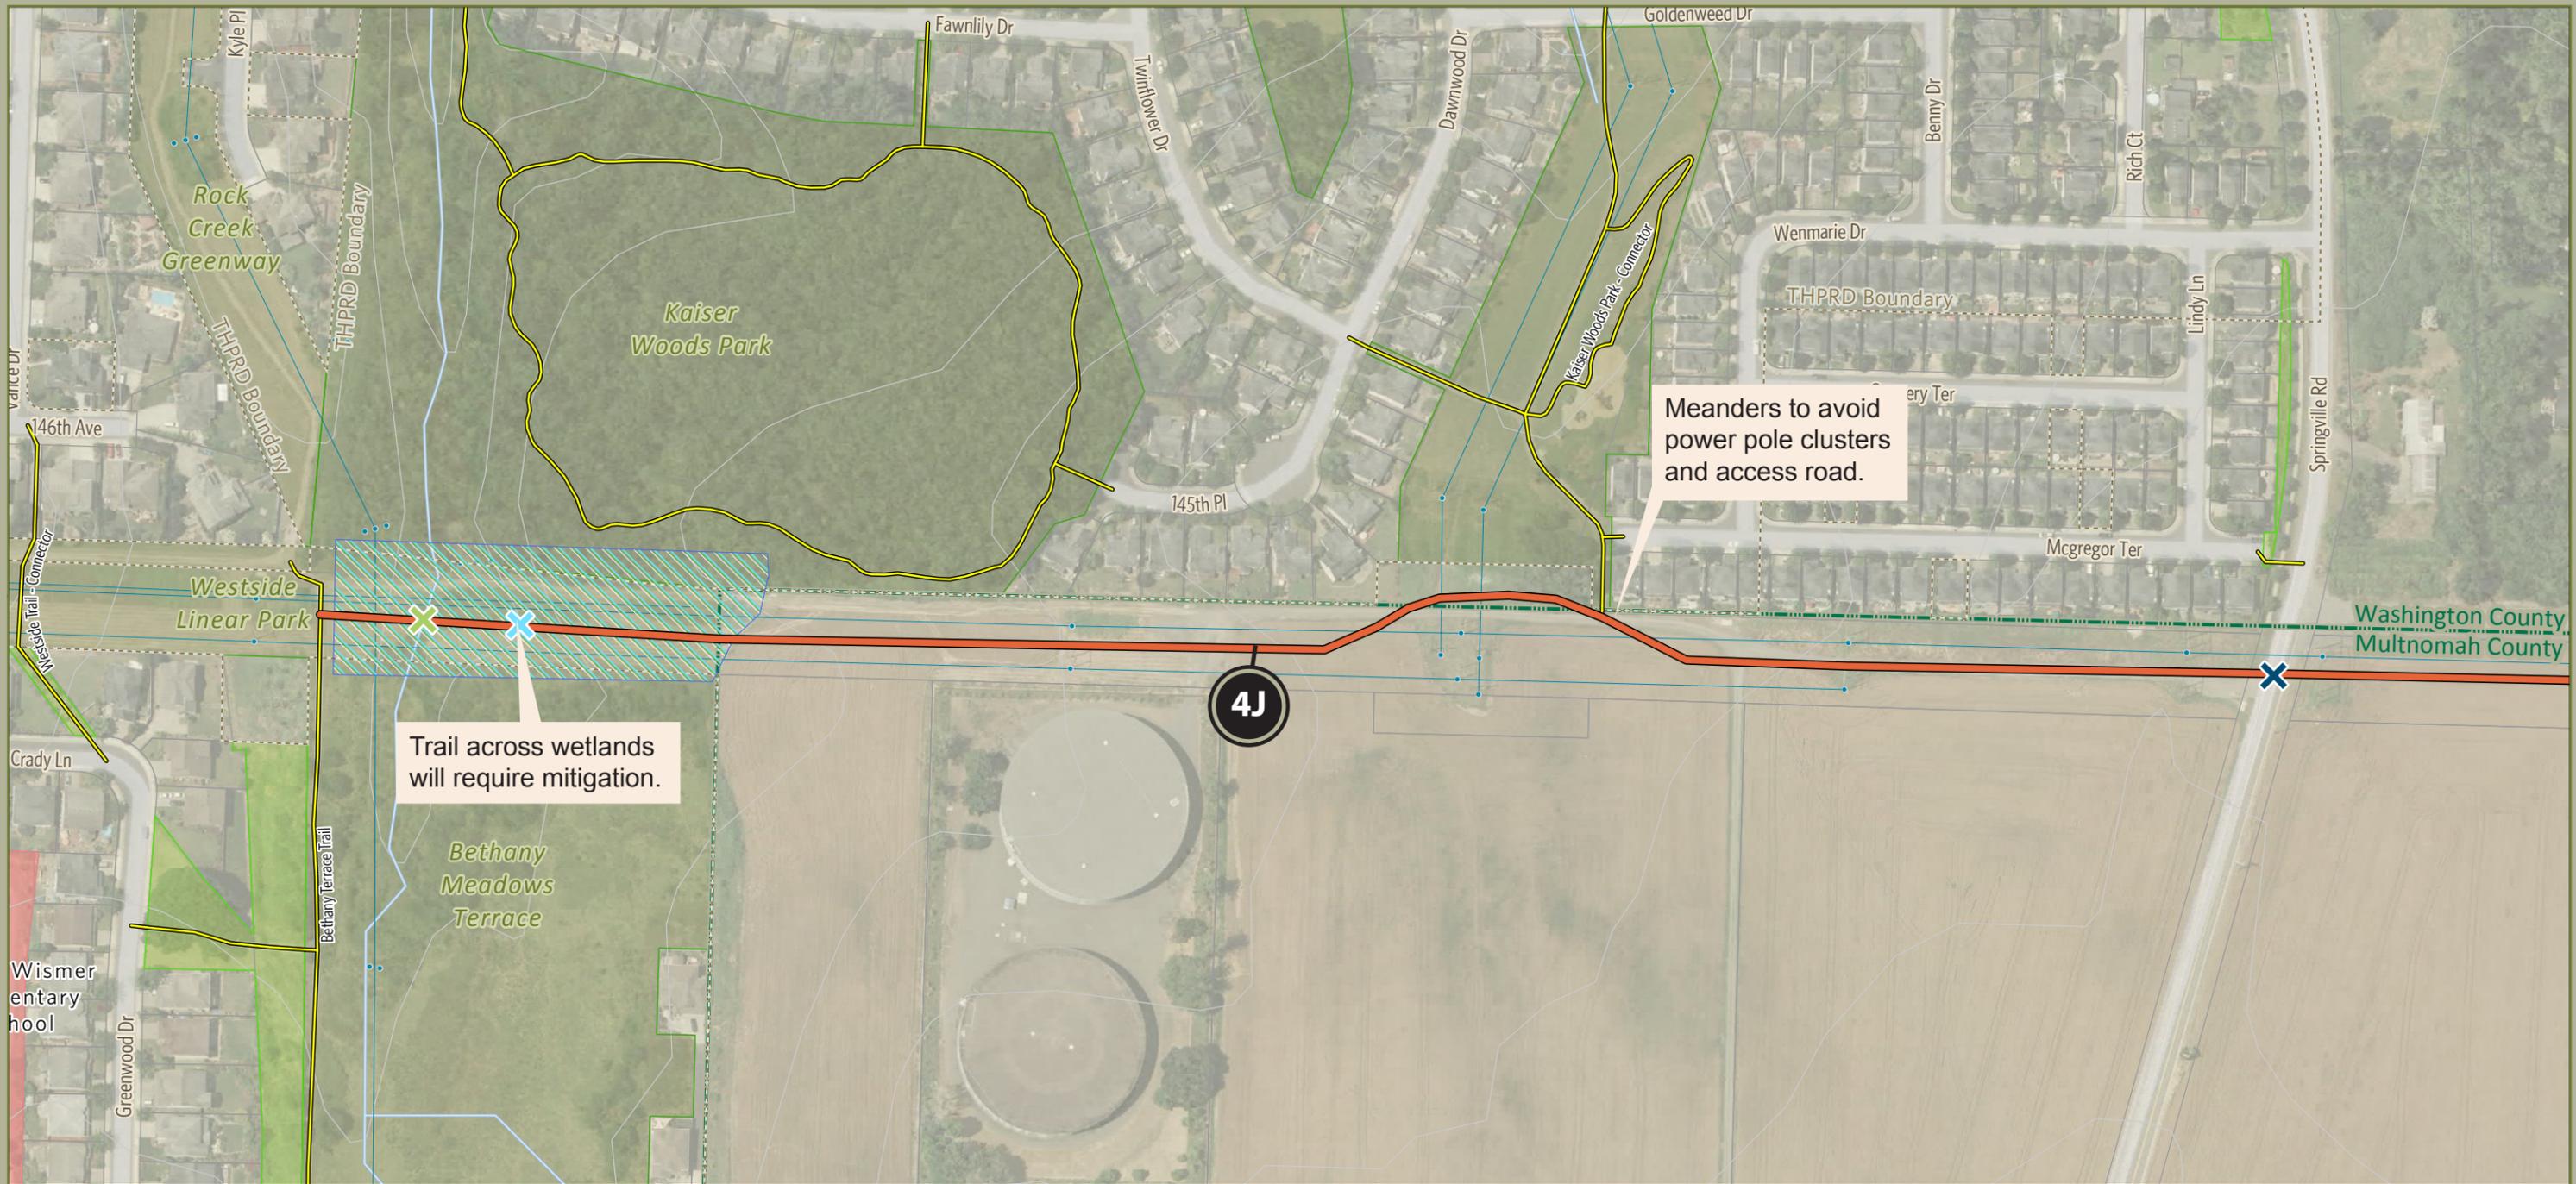

All illustrated alignments subject to change based on final design, permitting, and engineering.

Westside Trail Master Plan

Figure 14

Segment 4.18.3
Kaiser Woods Park to Springville Rd
Segment Corridor = 0.44 Miles

Westside Trail Alternatives

- Up to 5% slope, multimodal
- 5% - 8% slope, with steps
- Up to 8% slope, multimodal
- Soft surface
- On-street
- Bridge
- Steps
- Midblock Crossings
- Wetland Crossings
- Minor Stream Crossings

Other Existing Trails

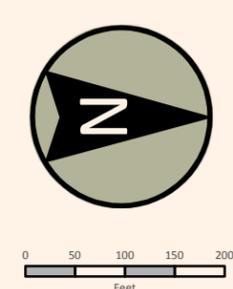

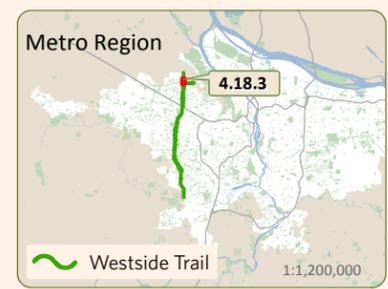

- Other Existing Trails
- School sites
- Privately owned
- Publicly owned
- Wetlands

Taxlots

- Taxlots
- Powerline Towers
- Powerlines
- Streams
- 10 foot contours

City Boundaries

- City Boundaries
- County Boundaries
- Tualatin Hills Park & Rec District Boundary
- Segment option number

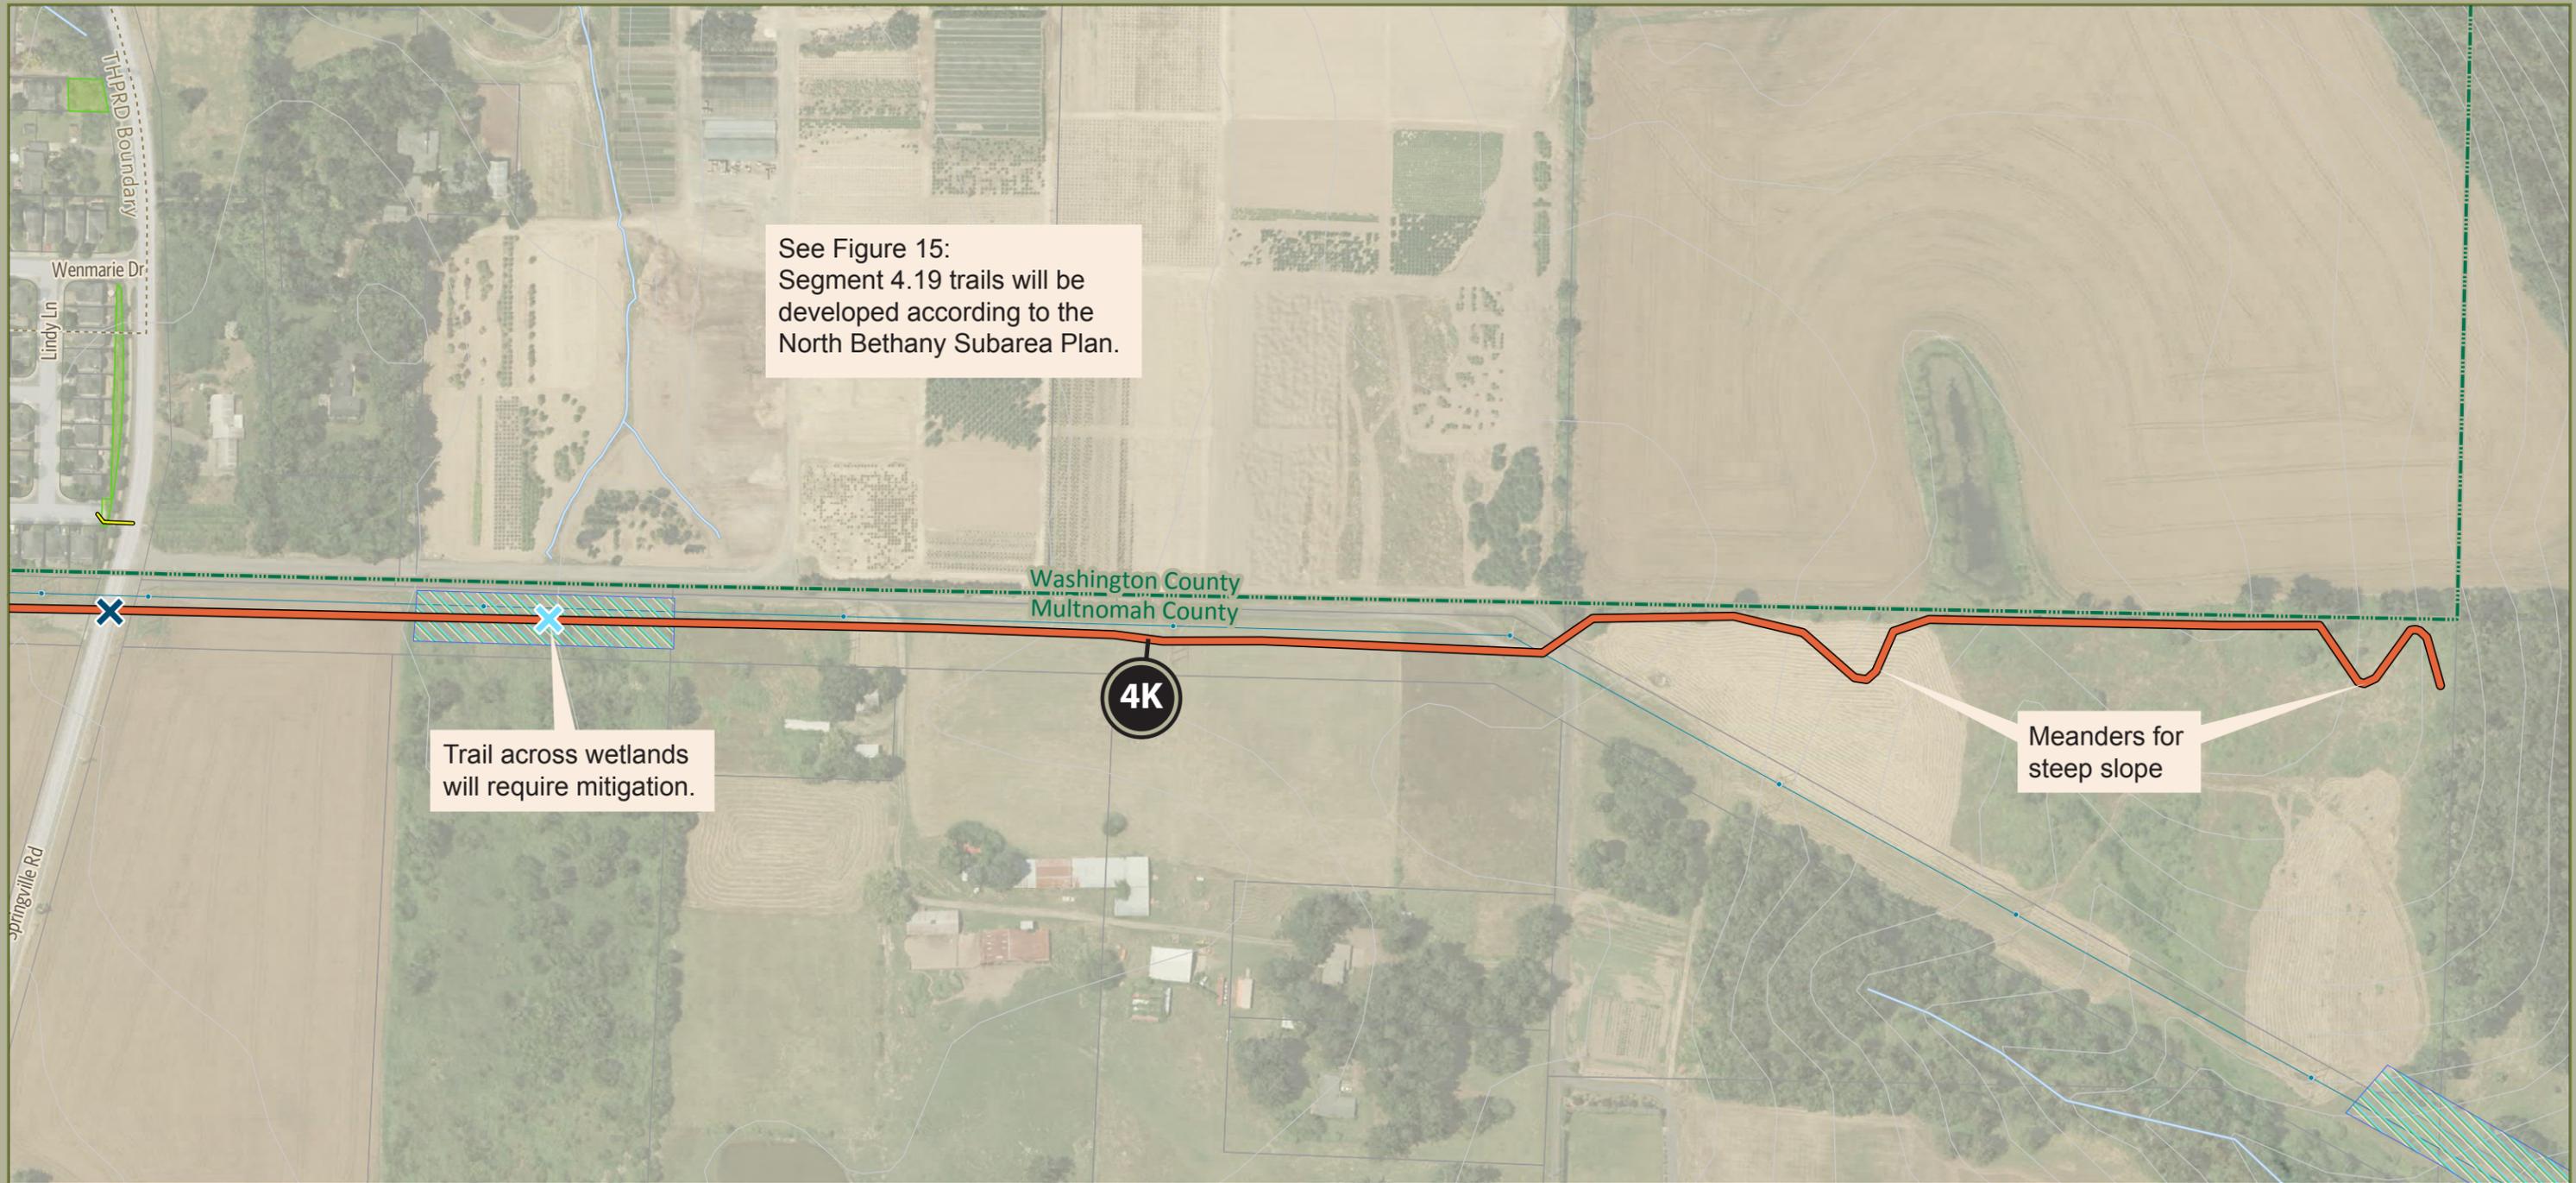

All illustrated alignments subject to change based on final design, permitting, and engineering.

Westside Trail Master Plan

Figure 16

Segment 4.19
Springville Rd to Multnomah Co. line
Segment Corridor = 0.65 Miles

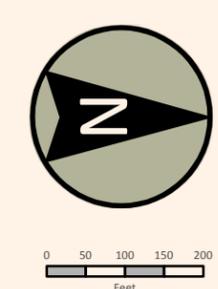

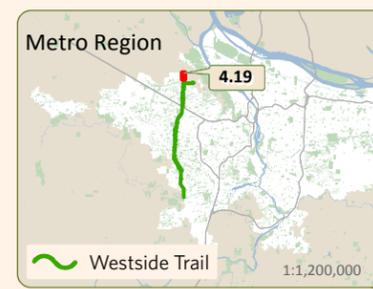

See Figure 15:
Segment 4.19 trails will be developed according to the North Bethany Subarea Plan.

Trail cross wetlands will require mitigation.

Meanders for steep slope

- | | | | | |
|------------------------------------|------------------------|--------------------------------|------------------|---|
| Westside Trail Alternatives | Bridge | Other Existing Trails | Taxlots | City Boundaries |
| Up to 5% slope, multimodal | Steps | School sites | Powerline Towers | County Boundaries |
| 5% - 8% slope, with steps | Midblock Crossings | Parks and natural areas | Powerlines | Tualatin Hills Park & Rec District Boundary |
| Up to 8% slope, multimodal | Wetland Crossings | Privately owned | Streams | Segment option number |
| Soft surface | Minor Stream Crossings | Publicly owned | 10 foot contours | |
| On-street | | Wetlands | | |

All illustrated alignments subject to change based on final design, permitting, and engineering.

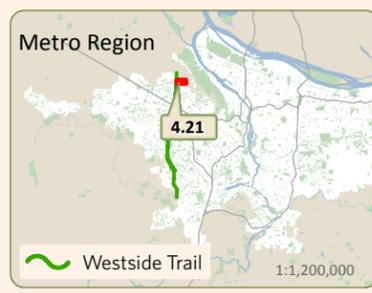

Westside Trail Master Plan

Figure 17

Segment 4.21
 Skycrest Pkwy to Multnomah Co. line
 Segment Corridor = 0.73 Miles

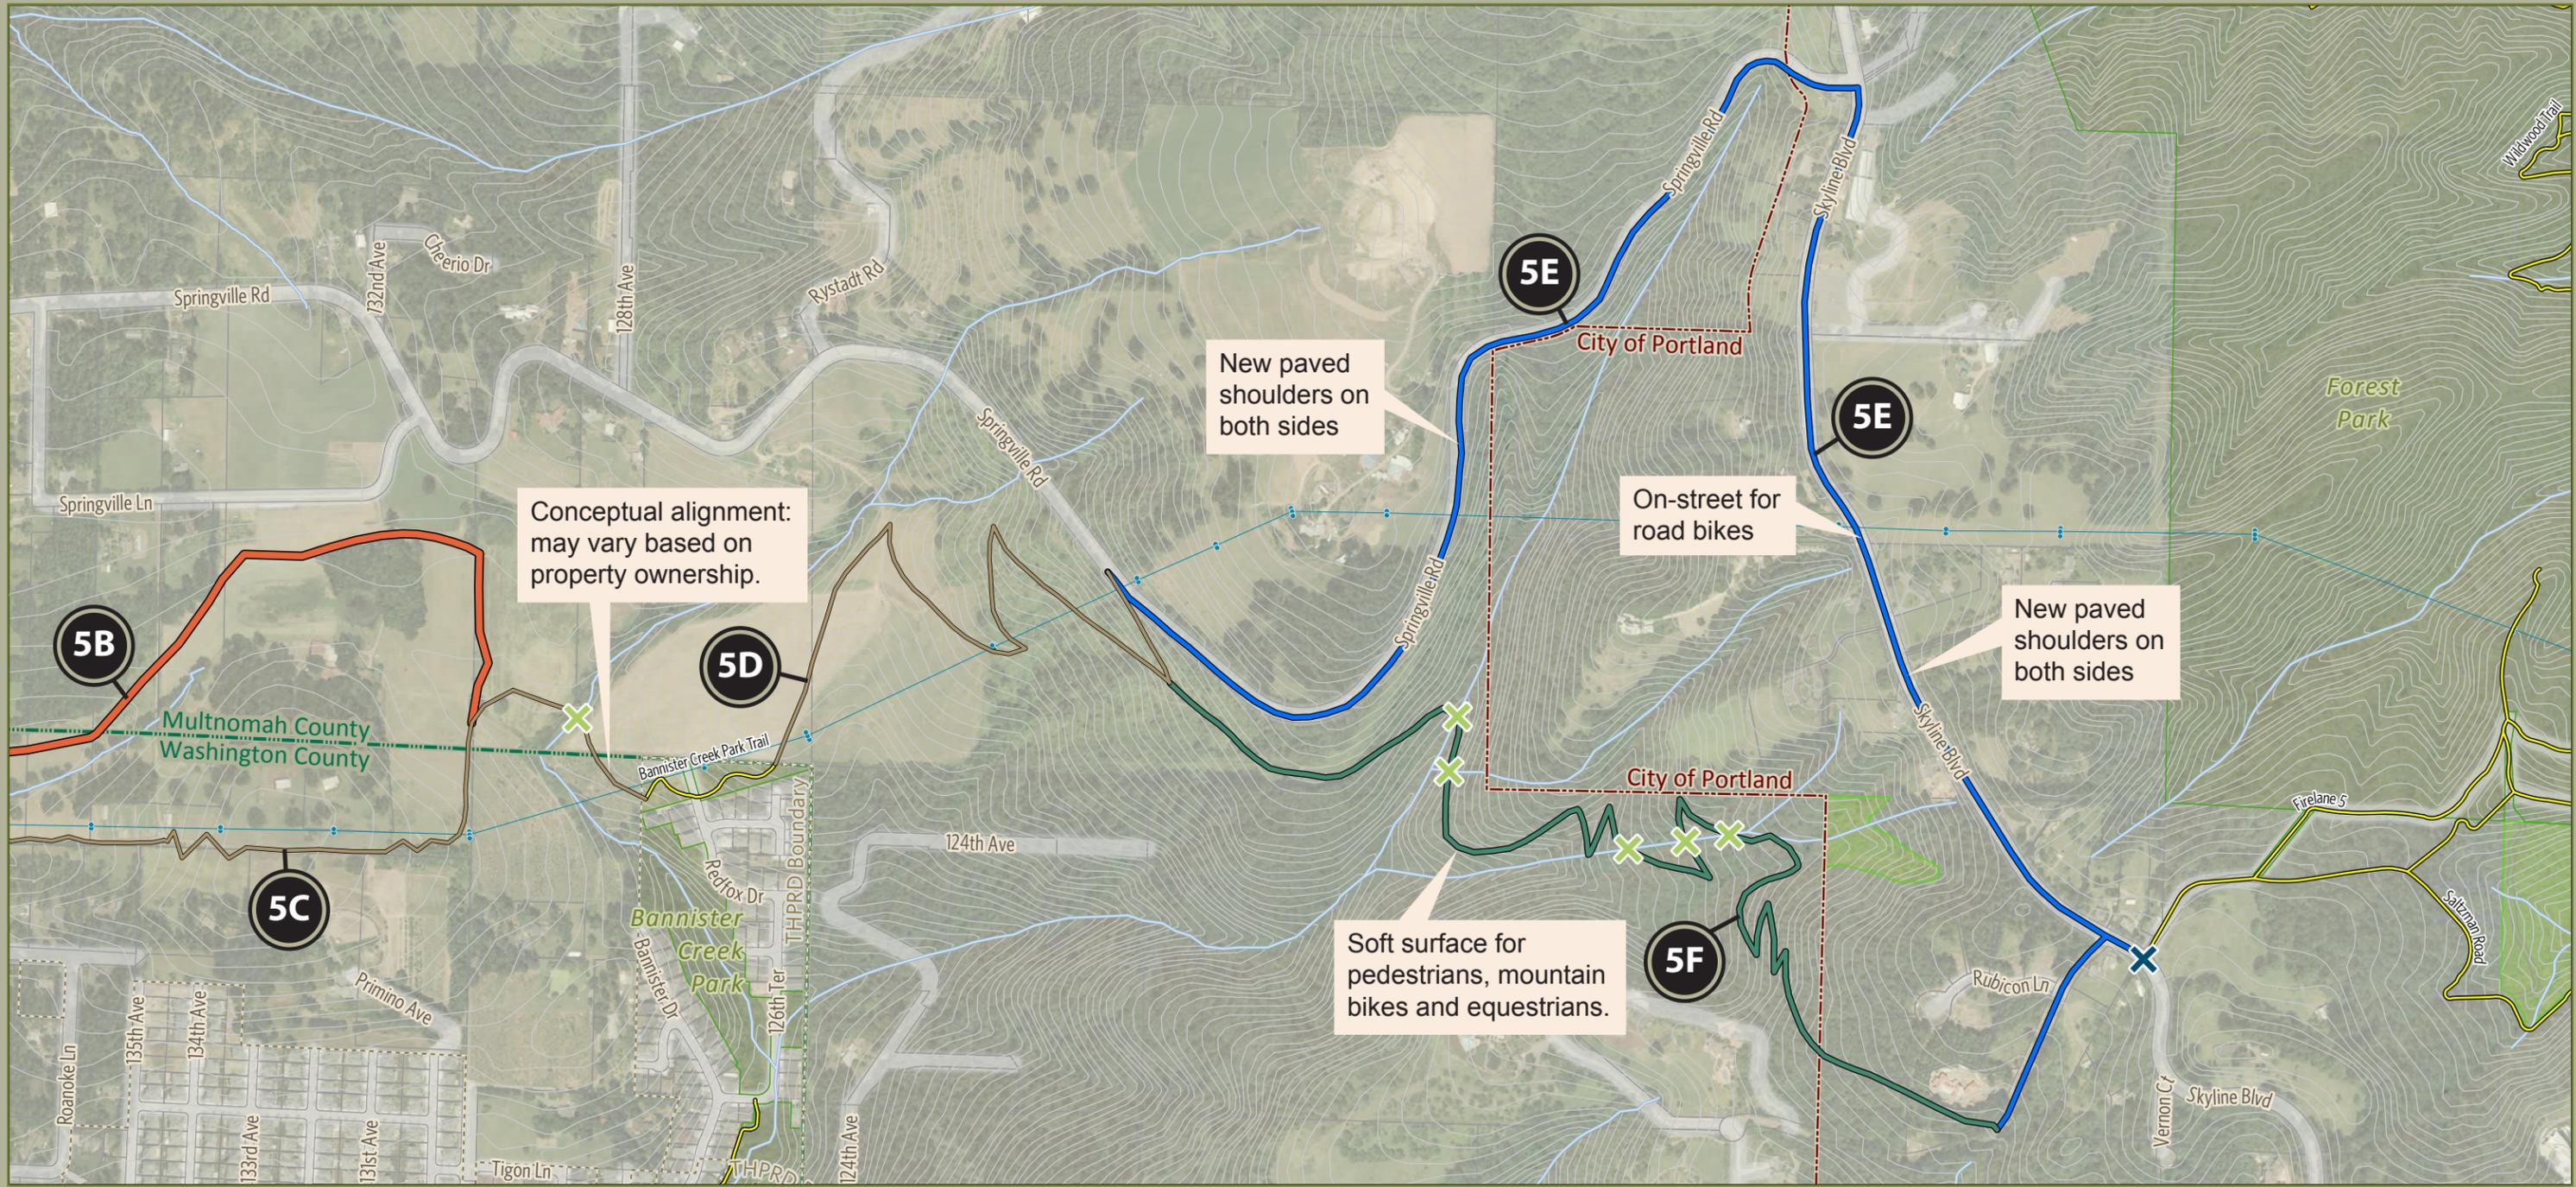

- | | | | | |
|------------------------------------|------------------------|--------------------------------|------------------|---|
| Westside Trail Alternatives | Bridge | Other Existing Trails | Taxlots | City Boundaries |
| Up to 5% slope, multimodal | Steps | School sites | Powerline Towers | County Boundaries |
| 5% - 8% slope, with steps | Midblock Crossings | Parks and natural areas | Powerlines | Tualatin Hills Park & Rec District Boundary |
| Up to 8% slope, multimodal | Wetland Crossings | Privately owned | Streams | Segment option number |
| Soft surface | Minor Stream Crossings | Publicly owned | 10 foot contours | |
| On-street | | Wetlands | | |

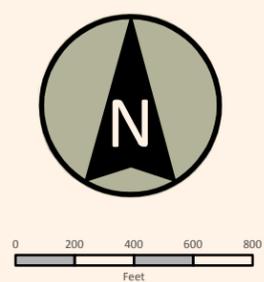

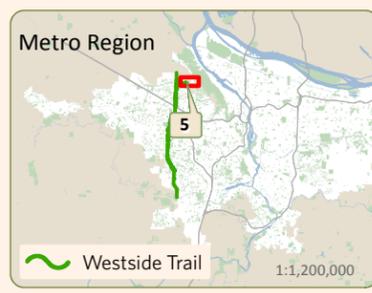

All illustrated alignments subject to change based on final design, permitting, and engineering.

Westside Trail Master Plan **Figure 18**

Segment 5
Washington Co. line to Skyline Blvd
Segment Corridor = 1.21 Miles

- | | | | | |
|------------------------------------|------------------------|--------------------------------|------------------|---|
| Westside Trail Alternatives | Bridge | Other Existing Trails | Taxlots | City Boundaries |
| Up to 5% slope, multimodal | Steps | School sites | Powerline Towers | County Boundaries |
| 5% - 8% slope, with steps | Midblock Crossings | Parks and natural areas | Powerlines | Tualatin Hills Park & Rec District Boundary |
| Up to 8% slope, multimodal | Wetland Crossings | Privately owned | Streams | Segment option number |
| Soft surface | Minor Stream Crossings | Publicly owned | 10 foot contours | |
| On-street | | Wetlands | | |

All illustrated alignments subject to change based on final design, permitting, and engineering.
