COUNCIL REPORT

TO: Jack Hoffman, Mayor
Members of the City Council
Alex D. McIntyre, City Manager

FROM: Paul Espe, Associate Planner

SUBJECT: Ordinance 2569, 18123 Pilkington Road (AN 11-0002)

DATE: June 13, 2011

ACTION

Adopt Ordinance 2569 (Exhibit E-1) annexing property located at 18123 Pilkington Road

INTRODUCTION/BACKGROUND

The proposed annexation is owner-initiated and will result in the addition of 0.29 acres of residential land to the City. This Council report describes the reasons for the annexation and provides basic background information. The criteria for approving annexations and the findings in support of this annexation are included in Exhibit A-1.

Owner/Applicant: Robert and Elizabeth McKee

Location/Size: The subject property is 0.29 acres (12,632 square feet) in size. It is located on the west side of Pilkington Road, approximately 150 feet north of the intersection of Pilkington Road and Kenny Street. The address is 18123 Pilkington Road, Tax Lot 1000 (Tax Map 21E18CA). The property is shown on **Exhibit E-1, Attachment A**.

Existing Land Use: Tax Lot 1000 is developed with one single family dwelling that is currently occupied. The parcel has direct driveway access to Pilkington Road.

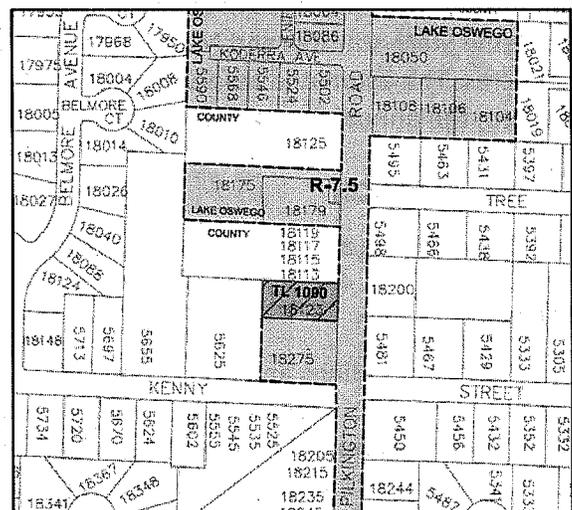

Neighborhood: The property is located within the Rosewood Neighborhood Association.

Purpose of Annexation: The property owners initiated the annexation to connect to city sewer service.

DISCUSSION

Plan and Zone Designation:

The subject property is currently under Clackamas County's jurisdiction and is zoned Low Density Residential R-10. This area is designated R-7.5 on the City of Lake Oswego Comprehensive Plan Map and will be zoned R-7.5 upon annexation.

Development Potential: The property is developed with a single-family dwelling. Based on the R-7.5 zoning standards, the property cannot be divided into any additional lots.

Sensitive Lands: There are no sensitive lands designated on this property.

Sewer and Water Service: The City of Lake Oswego has an eight-inch sewer line in this section of Pilkington Road. There is a Rivergrove Water District main line in Pilkington Road and an existing fire hydrant along the west side of Pilkington Road, approximately 175' to the south at the intersection with Kenny Street. The existing dwelling is connected to the Rivergrove Water District's line and will remain in the District's service area after annexation.

Service Districts: Upon annexation, the property will be removed from the Lake Grove Fire District #57, the Clackamas County Enhanced Sheriff's Patrol District and the Surface Water Management Agency of Clackamas County.

Issues: There are no known issues that would complicate annexation of this property.

ALTERNATIVES & FISCAL IMPACT

The draft findings provided in Exhibit A-1 conclude that the proposed annexation complies with all applicable State statutes and Metro code requirements. This annexation is for one parcel of approximately 0.29 acres. The estimated assessed value of the residential property is \$146,742. Once the property is annexed, the annual tax gain would be approximately \$379.00

Criteria, Findings, Conclusion, and Effective Date

APPLICABLE CRITERIA:

- A. Oregon Revised Statutes (ORS), Boundary Changes; Mergers and Consolidations.
 - 1. ORS 222.111(2) - Annexation of Contiguous Territory, Authority and Procedure for Annexation, Generally.
 - 2. ORS 222.125 - Annexation by consent of all owners of land and the majority of electors.
 - 3. ORS 222.170 - Annexation by consent of more than half of the owners of land in the territory to be annexed, who also own more than half of the land in the territory.

- B. Metro Code
 - 1. 3.09.040(a)(1-4) Minimum Requirements for Petitions.
 - 2. 3.09.050 Uniform Hearing Requirements for Final Decisions Subsections (b)(1-3) and (d).

FINDINGS:

A. Oregon Revised Statutes (ORS), Boundary Changes; Mergers and Consolidations.

1. ORS 222.111(2) Annexation of Contiguous Territory, Authority and Procedure for Annexation, Generally.

ORS 222.111(2) provides that a proposal for annexation of territory to a City may be initiated by the legislative body of the City, on its own motion, or by a petition to the legislative body of the City by owners of real property in the territory to be annexed. The property owners have petitioned the City for annexation.

2. ORS 222.125 - Annexation by consent of all owners of land and the majority of electors.

ORS 222.125 states that an election need not be held on the question of annexation within the area proposed to be annexed if all of the owners of land in the territory and not less than 50 percent of the electors, if any, residing in the territory consent in writing to the annexation. The property owners who are the registered voters in Clackamas County residing at 18123 Pilkington Road have signed the annexation application and Petition for Annexation. One hundred percent of the property owners and the majority of electors have consented to this annexation.

3. ORS 222.170 - Annexation by consent of more than half of the owners of land in the territory to be annexed, who also own more than half of the land in the territory.

ORS 222.170 states that an election need not be held on the question of annexation within the area proposed to be annexed if not less than 50 percent of the owners of land residing on the property consent in writing to the annexation. These owners must also own more than half of the land in the territory to be annexed. The property owners have consented to the annexation on the attached annexation petition (Exhibit E-2). The proposed annexation complies with the statute.

B. Metro Code

1. 3.09.040 - Minimum Requirements for Petitions.

- (a) A petition for a boundary change shall be deemed complete if it includes the following information:
- 1) The jurisdiction of the approving entity to act on the petition;
 - 2) A map and a legal description of the affected territory in the form prescribed by the reviewing entity;
 - 3) For minor boundary changes, the names and mailing addresses of all persons owning property and all electors within the affected territory as shown in the records of the tax assessor and county clerk; and,
 - 4) For boundary changes under ORS 198.855 (3), 198.857, 222.125 or 222.170, statements of consent to the annexation signed by the requisite number of owners or electors.

The above information was submitted as required by Metro Code. The property owners have signed the application and petition. A map and legal description have been included in the application materials and are attached as Exhibit E-2. The property owners own the private property to be annexed and have consented to the annexation on the attached annexation petition (Exhibit E-2). The proposed annexation complies with the statutes.

2. 3.09.050 Uniform Hearing and Decision Requirements for Final Decisions Other Than Expedited Decisions.

- (b) Not later than 15 days prior to the date set for a boundary change decision, the approving entity shall make available to the public a report that addresses the criteria in subsection (d) below, that includes at a minimum, the following:

- (1) The extent to which urban services presently are available to serve the affected territory including any extra-territorial extensions of service;

The property is located within the Urban Growth Boundary and the City's Urban Services Boundary. Metro Code section 3.09.020 defines urban services as including sanitary sewer, water, fire protection, parks, open space, recreation, streets, roads and mass transit.

Water: The Rivergrove Water District has a six-inch water main in Pilkington Road. There is a fire hydrant along the west side of Pilkington Road approximately 175 feet to the south at the intersection with Kenny Street. The existing dwelling is connected to this line and will remain in the District's service area after annexation.

Fire: Lake Grove Fire District #57 provides fire protection services to all of the property to be annexed by agreement with the City of Lake Oswego Fire and Rescue. Upon annexation, the property will be withdrawn from this fire district and will be served directly by the City. The Jean Road Fire Station, located northeast of the site, would be able to respond to emergencies under the eight minute goal established in the Comprehensive Plan.

Sanitary Sewer: There is an eight-inch sanitary sewer line in Pilkington Road. The existing home on TL 1000 is on a septic system. The City of Lake Oswego has an eight-inch sewer line in this section of Pilkington Road. A new mainline tap will be required, and the on-site work would involve decommissioning the existing septic tank (removal, or filling with sand or gravel). All work would be done by private contractors.

Surface Water Management: There are no storm drains, creeks or roadside ditches along this segment of Pilkington Road. Runoff from the street surface flows in to the gravel or grassy shoulders where it infiltrates into the ground. Upon annexation, the City of Lake Oswego's storm water management regulations will apply to the subject property.

Police: The property is currently served by the Clackamas County Sheriff's Department. Upon annexation, the property will be withdrawn from the Clackamas County Enhanced Sheriff's Patrol District and will be served by the City of Lake Oswego. The police department has reviewed the proposal and indicated that they would not have any concerns serving this property upon annexation.

Parks: The City has 537 acres of park and open space lands, or 14.6 acres per 1,000 population. The nearest park to this property is Waluga Park, north of the subject property.

Lake Grove Park District: The Lake Grove Swim Park, managed by the Lake Oswego School District, is located at 3800 Lakeview Boulevard. The swim park is approximately 1.3 acres in size with rest room play and swim facilities. This property will remain within the Lake Grove Park District following annexation.

Transportation - Streets and Mass Transit:

Pilkington Road is classified as a major collector. There are currently no sidewalks or pathways in the immediate vicinity. The right-of-way along this property is within the City of Lake Oswego, however maintenance of Pilkington Road is under the jurisdiction of Clackamas County. This portion of Pilkington Road is on the current road transfer list, and transfer of jurisdiction will be requested from the county in the future.

A pathway is also scheduled to be constructed along the west side of Pilkington Road from Jean Road to Pilkington Park. The City of Lake Oswego has received formal acknowledgement and notice that the Pilkington Road Pathway Project has been awarded funding through the Safe Routes to School (SRTS) Program. The anticipated construction will occur in the spring or summer of 2012.

Transit: Tri Met line 36 provides service to this section of Pilkington Road.

(2) A description of how the proposed boundary change complies with any urban service provider agreements adopted pursuant to ORS 195.065 between the affected entity and all necessary parties.

The City has entered into four ORS 195.065 agreements with: 1) Clackamas County (for roadways), 2) Lake Oswego School District, 3) Lake Grove Fire District; and, 4) the Southwood Park Water District. Two of these agreements are applicable to this proposal.

Lake Oswego School District: The City and the Lake Oswego School District entered into an ORS 195.065 urban service agreement for park services in July, 2003. The School District operates the Lake Grove Swim Park located at 3800 Lakeview Boulevard. The agreement states that the annexation of property by the City within the Lake Grove Park District shall not cause the withdrawal of the property from the District.

Lake Grove Fire District #57: The City and District entered into an ORS 195.065 urban service agreement for fire protection in July 2003. The agreement states that upon annexation by the City of property within the District, the annexed property shall be withdrawn from the District and the City shall provide fire protection services.

Clackamas County Agreement: The City and Clackamas County entered into an ORS 195.065 urban service agreement for roads in July 2003. The agreement states that the City shall initiate proceedings for the transfer of jurisdiction and maintenance to the City of all County roads within annexed areas.

(3) A description of how the proposed boundary change is consistent with the comprehensive land use plans, public facility plans, regional framework and functional plans, regional urban growth goals and objectives, urban planning agreements and similar agreements of the affected entity and of all necessary parties.

Consistency of the proposed boundary change with comprehensive plan policies is discussed in section (d)(3), below.

The City's Public Facilities Plan does not identify any sanitary service, water, or storm water projects in this area that would affect the subject property.

There are no regional framework plans or regional urban growth goals or objectives that are directly applicable to this annexation.

Compliance with urban planning agreements and other agreements with necessary parties is discussed in section (d)(2), below.

(4) Whether the proposed boundary change will result in the withdrawal of the affected territory from the legal boundary of any necessary party.

ORS 222.520 authorizes the City to withdraw the property from the Lake Grove Fire District #57, Clackamas County Enhanced Sheriff's Patrol District, Clackamas County Service District #5 and the Surface Water Management Agency of Clackamas County. Upon approval of the annexation, the ordinance will withdraw the property from these service districts.

(5) The proposed effective date of the decision.

The proposed effective date of the decision is outlined in the final section of this report.

(d) An approving entity's final decision on a boundary change shall include findings and conclusions addressing the following criteria:

(1) Consistency with directly applicable provisions in an urban service provider agreement or annexation plan adopted pursuant to ORS 195.065;

ORS 195.065 agreements are discussed above under Metro Code Section 3.09.050(b)(2).

(2) Consistency with directly applicable provisions of urban planning or other agreements, other than agreements adopted pursuant to ORS 195.065, between the affected entity and a necessary party;

The Metro Code defines necessary party as "a county, city or district whose jurisdictional boundary or adopted urban service area includes any part of the affected property, or who provides any urban service to any portion of the affected." The list of necessary parties for the proposed annexation includes:

- Clackamas County Enhanced Sheriff's Patrol District
- Clackamas County
- Surface Water Management Agency of Clackamas County
- Lake Grove Fire District #57
- Lake Grove Park District

- Rivergrove Water District
- Tri-County Metropolitan Transportation District

The only agreement with directly applicable provisions is the City's Urban Growth Management Agreement with Clackamas County:

Clackamas County Urban Growth Management Agreement/City of Lake Oswego: The City currently has an urban planning agreement with Clackamas County. This agreement ensures coordination and consistency between the City and County comprehensive plans and outlines responsibilities in providing services and managing growth within the Dual Interest Area. Subsections 6 and 7, provided below, are applicable to annexations.

"6. *City and County Notice and Coordination:*
The City shall provide notification to the County, and an opportunity to participate, review and comment, at least 35 days prior to the first public hearing on all proposed public facilities plans, legislative changes to the City Comprehensive Plan, or quasi-judicial land use actions adjacent to, or in close proximity to unincorporated areas. The City shall provide notice to the County of private or City initiated annexation requests within five days of the filing of an application with the Portland Metropolitan Boundary Commission."

The Urban Growth Management Agreement specifies that the City notify the County of an annexation request within five days of when it is submitted to the Boundary Commission. There is no longer a Boundary Commission for the Portland Metropolitan area. Staff relies on the notice requirements of Metro Code 3.09.030, which requires notice 20 days prior to the scheduled hearing for an annexation for all necessary parties (other governmental entities), unless a shorter time is agreed upon. The County is a necessary party under the Metro Code definition and has been notified.

"7. *City Annexations*
 A. *The City may undertake annexations in the manner provided for by law within the Dual Interest Area. The City annexation proposals shall include adjacent road right-of-way to property proposed for annexation. The County shall not oppose such annexations.*
 B. *Upon annexation, the City shall assume jurisdiction of the County roads and local access roads pursuant to a separate road transfer agreement between the City and county."*

The City is undertaking this annexation in the manner provided for in the applicable ORS and Metro Code for the territories that lie within the Dual interest area. The City and County entered into an Urban Growth Management Agreement in 1997 which stipulates a mutual interest in coordinated land use planning, compatible comprehensive plans and provision of urban services and facilities. This annexation will be consistent with the City and County comprehensive plans which will be coordinated in the dual interest area within the Regional Urban Growth Boundary (UGB). This territory will be served by two outside service providers listed below:

Lake Grove Fire District #57 - City of Lake Oswego Agreement: The City and District entered into an ORS 195.065 urban service agreement for fire protection in July 2003. The agreement states that upon annexation of territory by the City within the District, the

annexed territory shall be withdrawn from the District and the City shall provide fire protection services. In addition, upon annexation of the entire remaining area of the District by the City, the District shall be extinguished and the City shall be charged with the functions and obligations of the District.

Rivergrove Water District: The territory lies within the Rivergrove Water District. It will be retained within the District at this time pursuant to the agreement between the City and the Rivergrove Water District executed on February 8, 1984. The Rivergrove Water District will continue to serve parcels upon annexation if it is capable of delivering a minimum flow of 1500 gallons per minute with a 20 psi residual pressure during periods of peak domestic demand. If upon development or partitioning, this level of service is not provided, then City water may need to be provided.

The separate road agreement referenced in 7(B) is now expired. This parcel takes direct access from Pilkington Road which has been previously annexed. This roadway will remain under county jurisdiction until the City and the County executes a transfer of jurisdiction agreement.

(3) Consistency with specific directly applicable standards or criteria for boundary changes contained in the comprehensive land use plans and public facility plans;

Comprehensive Plan Map: The subject property is currently designated R-10, Low Density Residential on Clackamas County's Comprehensive Plan Map, with a zone of R-10. The property is designated as Low Density Residential R-7.5 on the City's Comprehensive Plan Map. Upon annexation, a City zoning designation of R-7.5 will be applied to the property.

The City and County have coordinated their comprehensive plans within the "Dual Interest Area" outlined in the City/County Urban Growth Management Agreement (dated February 4, 1992 and updated November 18, 1997), hence the City/County designations have been determined to be compatible. Therefore, this annexation is compatible with the City's Comprehensive Plan Map.

Comprehensive Plan Policies: The relevant Comprehensive Plan policies are addressed below:

Goal 14, Urbanization - Policy 10: The Urban Services Boundary is Lake Oswego's ultimate growth area within which the City shall be the eventual provider of the full range of urban services.

The property to be annexed is within the City's Urban Services Boundary as outlined in the Comprehensive Plan. City services are available or can be made available to the property. The annexation of this property is consistent with this policy.

Goal 14, Urbanization - Policy 13: Ensure that annexation of new territory or expansion of Lake Oswego's Urban Service Boundary does not:

- a) *Detract from the City's ability to provide services to existing City residents;*
- b) *Result in property owners paying for urban services which do not benefit their property;*

The approval of this annexation will result in the addition of 0.29 acres to be served by the City.

As stated in Section 2b 1, the addition of this territory will not detract from the City's ability to provide police and fire protection to existing City residents. Annexation of this property

will not affect the city's ability to provide parks and recreation services. Public facilities such as sewer and water are also found to be adequate to serve his site.

In regard to subsection b) of Policy 13, the policy ensures that existing City property owners do not subsidize newly annexed areas in the provision of urban services. The City has established systems development charges, and imposes rates that result in payment by users for different City services such as sewer, water, surface water, parks and recreation, and transportation systems. Therefore, existing City property owners will not pay for urban services that do not benefit their property.

Goal 14, Urbanization - Policy 14: Prior to the annexation of non-island property, the City shall ensure urban services are available and adequate to serve the subject property or will be made available in a timely manner by the City or a developer commensurate with the scale of the proposed development. Urban services consist of water, sanitary sewer, surface water management, police and fire protection, parks, and transportation including: streets, transit, pedestrian and bicycle facilities.

Community Development Code Section 50.64.015 requires that all development be provided with the following utility services: sanitary sewer, water, sidewalks, pedestrian and bicycle paths, traffic control signs and devices, street lights, streets, and TV cable. These utilities are now in place or can be put in place to serve this property.

In the event that future development occurs, an applicant for development is obligated to construct all necessary public facilities to serve their development. [Community Development Code 50.87.020, see also discussion of consistency with Public Facilities Plan (Section 2, Metro Code 3.09.050 above) and discussion regarding effect on service of existing City residents (Section 2, Goal 14, Policy 13) for current impacts and planned improvements.]

As noted above, police and fire services are available upon annexation. The amount of protection provided will be similar to protection provided to other City residents because the property proposed to be annexed is not isolated from other areas of the City.

(4) Consistency with specific standards or criteria for boundary changes contained in the Regional Framework Plan or any functional plan; and

There are no Regional Framework Plan or Functional Plan criteria or standards applicable to annexations at this time.

(5) Whether the proposed change will promote or not interfere with the timely, orderly and economic provisions of public facilities and services.

Due to the proximity of the property to existing City services, this annexation will promote the timely, orderly and economical extension of public facilities and services. If and when additional development occurs in the area, provision of public facilities and services will occur.

CONCLUSION:

Based on the criteria and findings set forth above, the City Council concludes that AN 11-0002 complies with all applicable criteria and should be annexed to the City.

EFFECTIVE DATE:

A. Effective Date of Annexation Ordinance. Pursuant to Lake Oswego City Charter, Section 34, the ordinance shall be effective on the 30th day after its enactment.

B. Effective Date of Annexation. Following the filing of the annexation records with the Secretary of State as required by ORS 222.177, this annexation shall be effective upon the later of:

1. the 30th day following the date of adoption of this ordinance; or
2. the date of filing of the annexation records with the Secretary of State;

provided however that pursuant to ORS 222.040(2), if the effective date of the annexation as established above is a date that is within 90 days of a biennial primary or general election or after the deadline for filing notice of election before any other election held by any City, district or other municipal corporation involved in the area to be annexed, then the effective date of the annexation shall be delayed until, and the annexation shall become effective on, the day after the election.
