Table Notes:

- A The compliance deadline is December 31 for the year indicated. The deadline has been developed in consultation with individual jurisdictions and phased to take advantage of funding opportunities and the availability of local and Metro staff resources. A city or county need not update its TSP according to this schedule if it finds, pursuant to OAR 660-012-0016(2)(a), that its current TSP is consistent with the 2035 RTP.
- B Local adoption of an updated TSP is expected in summer 2010. The compliance deadline is for updates to local implementing regulations, as necessary, to comply with the RTFP.
- C Compliance is established with adoption of implementing regulations that comply with the RTFP.
- D The deadline assumes the jurisdiction is awarded state Transportation-Growth Management (TGM) funding for the 2010-11 biennium. If the jurisdiction is not awarded funding, the compliance deadline is December 31, 2013.
- E The next update to the Regional Transportation Plan is scheduled to occur from June 2012 to June 2014.
