Part I (to be completed by the local government)

Multnomah County would like to amend our RTP Compliance Deadline for local TSPs to 12/31/14. This includes the amendment for the Urban Pockets TSP. The planning for this will be in partnership with the City of Portland. This request brings us in line with the City's deadline of 12/31/14.

The County's urban roads are also addressed in TSP updates for cities of Fairview, Troutdale and Wood Village, and City of Gresham for the Pleasant Valley and Springwater Corridor Plan Areas. The cities' TSPs will reflect the outcome of the East Metro Connections Plan completed on August 2012. The County coordinates with the cities on their TSPs as part of compliance with the RTP. Some work on the Wood Village TSP was completed this past spring 2012 and the County is working with the City of Troutdale on their update which started this September 2012. Work with the City of Gresham is also ongoing. The County will work with Fairview at the time their update process starts. The County will also amend its Comprehensive Framework Plan Transportation Elements as part of RTP compliance.

To align with the Fairview and Wood Village updates, the County would like to amend our deadline to 12/31/14. For the City of Troutdale, it is anticipated that their update will be completed by 12/31/13, and we request to amend our deadline to this date to line up with the City.

Part II (to be completed by Metro)

- a. Metro staff recommendation
