## Addendum Three / RFB 2526

---

### RFB 2526 NORTH FORK DEEP CREEK STREAM STABILIZATION PROJECT

In the interest of fairness, the following questions and answers are being provided to all interested bidders.

**Question:** Has Metro determined if performance and payment bonds are required for this project?

**Answer:** Performance and payment bonds are required when the contract is over \$100,000.

**Question:** Does Metro anticipate any contractor furnished permits?

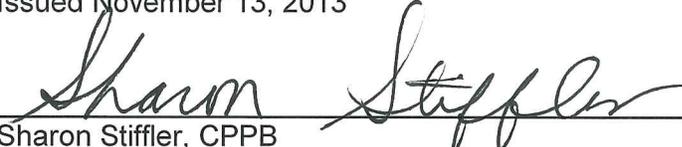

**Answer:** This question was answered in addendum #2. The only additional information that we have is that the Contractor may need to secure a Scientific Take Permit for the fish salvage portion of the project.

[http://www.dfw.state.or.us/fish/license\\_permits\\_apps/scientific\\_taking\\_permit.asp](http://www.dfw.state.or.us/fish/license_permits_apps/scientific_taking_permit.asp)

**Question:** Will Metro be identifying and flagging any survey monuments to remain?

**Answer:** Yes, Metro or Waterways Consulting will flag project survey monuments that need to remain on site.

Issued November 13, 2013
