Secretary Anthony Foxx  
US Department of Transportation  
1200 New Jersey Ave, SE  
Washington, DC 20590

Dear Secretary Foxx:

Portland Public Schools is pleased to express our **support** for 2014 TIGER grant funding for the Southwest Corridor and Powell-Division Opportunity Crescent projects. Our region understands the highly competitive nature of this program and has worked hard to limit the number of applications and to ensure that all applications meet the program criteria.

The Southwest Corridor and Powell-Division projects are significant to our metropolitan region and will focus resources on five important places and the educational institutions that define them: the Mt. Hood Community College area; the Portland Community College Jade District; the region's Innovation Quadrant; the Portland Community College Sylvania neighborhood area; and the Tigard Triangle.

Together, these two corridors create a single crescent connecting the east and west sides of the metro region and reaching many neighborhoods characterized by higher poverty rates and more ethnic diversity than in other parts of Portland. The Southwest Corridor runs through an area home to 26 percent of the region's jobs and 11 percent of the population.

With this grant, our region will undertake detailed planning in the five key nodes named above, aligning land use, local transportation choices, and development plans. The results will enable the educational institutions and others to anticipate and capture the economic, social and environmental value of planned regional high capacity transit investments. In addition, we will also develop place-based agreements that identify responsibilities for implementation of the plans. The agreements will focus on such issues as development patterns, housing affordability, safety improvements, infrastructure funding, job training, hiring, and ongoing participation and communication. With several growing schools located in both the Southwest corridor and the Powell-Division area, this grant will provide significant long term benefits to the students and families served by Portland Public Schools.

A 2014 TIGER grant for the Southwest Corridor and Powell-Division Opportunity Crescent projects would help bring the benefits of high capacity transit to the entire Portland metropolitan region and support the success of the next generation of residents by increased access to educational opportunity areas in our region.

Thank you for your consideration.

Sincerely,

Carole Smith  
Superintendent, Portland Public Schools
