

# Satisfied customers

“ I like the fact that it’s 100% recycled paint, and I was more than impressed with the quality once we had the final product. ”

**Matt Isham**  
Homeowner

“ I recommend Metro’s recycled paint because it’s cost effective, it goes on smooth, and it’s recycled. What’s not to like about it? ”

**Mike Kujat**  
Contractor

**MetroPaint** is available at quality paint stores and other locations across Oregon and Washington.

## More than recycled, remade

MetroPaint is previously unwanted paint remade new. Screened for quality, enhanced with helpful additives and rebled into desirable colors, it's evolved paint ready for a new purpose. But don't take our word for it. The Master Painters Institute® approves of MetroPaint for meeting its professional and product performance standards. And *Sustainable Industries* magazine named it a Top 10 green product.

## Many uses

MetroPaint is perfect for both indoor and outdoor use. It rolls, brushes and sprays on smoothly for thick, rich coverage – often achieved in just one coat. A quick-drying finish leaves quality, low-sheen color that will renew your space. Regardless of the surface, MetroPaint gets the job done.

## Environmentally smart

Five-year limited warranty-backed MetroPaint Green Seal Certified® paint\* is environmentally preferred. Original MetroPaint is a great choice too. Either can help your project earn LEED™ credits and Earth Advantage® certification. Plus, choosing MetroPaint supports an effort that has remade 2 million gallons of latex paint, keeping these reusable resources out of landfills.

Using recycled paint:

- decreases your carbon footprint.
- reduces the need for landfill space.
- conserves the water needed to make new paint.
- prevents pollution from the mining and extraction of raw materials.

\*This product meets Green Seal™ Standard GS-43 based on effective performance and at least 95% post-consumer material. Learn more at [GreenSeal.org](http://GreenSeal.org).

## Straight-up thrifty

In this case, good karma comes with serious affordability. Prices are a fraction of the cost of new paint.

## Reliable, practical colors

MetroPaint goes through a strict color-matching process to ensure the colors are consistent from one gallon to the next. No neon avocado or icy fuchsia, just popular colors that will renew your space. Consider mixing together MetroPaint to create your own custom shades.
