

PUBLIC NOTICE OF OPPORTUNITY TO COMMENT

Application of Northwest Shingle Recyclers, LLC to operate an asphalt roofing shingle recovery facility

Notice Issued: June 17, 2013

Written comments regarding this application may be submitted through 5 p.m. Monday, July 12, 2013.

Applicant: Northwest Shingle Recyclers LLC

Name and location of facility:

Northwest Shingle Recyclers-NW Site
2345 NW Nicolai Street
Portland OR 97210

Description of facility/application

Northwest Shingle Recyclers, LLC (NSR) has submitted an application for a Metro solid waste facility license to operate a material recovery facility for roofing waste.

If approved, NSR's license would allow the facility to accept and sort only roofing debris, such as composition roofing shingles, felt paper, nails, wood, and metal for the purpose of recovering recyclable materials. The facility will recover composition roofing shingles for consolidation and delivery to asphalt production plants. No other wastes will be accepted at the proposed facility.

Before such operations can start, NSR will need authorization from the Oregon Department of Environmental Quality (DEQ) and is required to apply for and obtain a DEQ-issued solid waste permit, a process subject to public notice and review by the state.

The site is zoned Industrial (IH) and the proposed use is considered an industrial service that is allowed by right in this zone by the city of Portland.

For more information

To review the applicant's current license and its renewal application, contact Barb Leslie at (503) 797-1835, or view them online at: <http://www.oregonmetro.gov/index.cfm/go/by.web/id=43191>
