Responses are provided in-line in ***bold italic*** type.

1. On RFP Page 17, section 2, item 2.9 it indicates “VersaTouch vinyl gloves, powder free, Ansell, style: 34-725 (100/box-10box/case)”.
- a. In researching this item it appears that style: 34-725 is a Duratouch glove, not a VersaTouch. Do we bid on the VersaTouch or do we bid on the style number?

***Bid on the part number. Ansell has changed this product from a VersaTouch product to a DuraTouch product. The correct item is DuraTouch, style: 34-725.***
