### RFQu 14-2502 Equity Baseline Workgroup Team Member

The following question was submitted on this solicitation. In the interest of fairness, this information is being provided to all interested proposers.

Q1: Will Metro provide some basic training about their agency, mission and general work to Workgroup members?

A1: Yes, Metro staff will provide general information about Metro to selected organizations. Staff can provide this information in a one-on-one setting or as a more general presentation to the full group (to be determined through a mutually agreed upon approach between Metro staff and the selected organization).

Q2: Upstream Public Health approaches its public health work with a strong, stated focus on equity. We are not, however, a culturally specific organization or a membership organization. Are we still eligible to receive funding?

A2: Yes, nonprofits are eligible to apply even if they are not a membership organization. Applicants will be selected based on their ability to meet the selection criteria, irrespective of their organizational structure or type.
