

# Shape Southwest

## Questionnaire preview

*This is a preview of the questions you will be asked at the end of the Shape Southwest exercise.*

1. What is your ZIP code? (required)
2. Which of these apply to you? (Pick all that apply.)
  - I live in the corridor.
  - I work in the corridor.
  - I go to school in the corridor.
  - I commute through the corridor.
  - I occasionally travel through the corridor.
  - None of the above

### Transit connections

3. Tell us about the transit connections you made, including the kind of service you would like to see (local bus, high frequency service, bus rapid transit, light rail, etc.).

### Goals

Your investments received results in relation to three goals of the Southwest Corridor Plan. How did these influence your choices? (Choose high influence, some influence, very little influence or no influence.)

4. Prosperity — People can live, work, play and learn in thriving and economically vibrant communities where everyday needs are easily met.
5. Health — An environment that supports the health of people and ecosystems.
6. Access and mobility — People have a safe, efficient and reliable network that enhances economic vitality and quality of life.

### Levels of investment

The tool simplified the levels of investment. If you could pick one or two from each list, what is the most important to you? (Choose one or two from the different levels of investments for each type of investment.)

7. Driving
8. Walking
9. Biking
10. Transit
11. Nature/parks

### Types of investment

12. When making your decisions on the level of investments, which factors influenced your choices? (Choose all that apply from the list and add your own.)
13. What are your top three priorities? (Choose three from the list or add your own.)

### Leveraged investments

14. Some combinations of public investments can create opportunities to activate private investments like the ones listed below. How would you rate the importance of each of these to your community? (Rate from not important to very important.)
  - New economic development and jobs (encourage job growth)
  - New commercial development or redevelopment (encourage new shops and restaurants)
  - More housing choices (encourage new housing development)

### About you

Seven demographic questions that help us respond to our independently elected auditor's recommendations to engage a diverse audience and seek demographic information in order to measure whether we're reaching a cross-section of the public.

Answers to these questions help us know whether we're hearing from a representative group of people that really reflects our diverse communities and help us target future outreach to underrepresented populations. If you have concerns, we are happy to accept your responses above without any personal information.
