

**Metro** | *People places. Open spaces.*

Date: November 3, 2009  
To: All Proposers  
Subject: **Notice of Top Ranked Proposers  
Operation of Waste Transfer Stations / RFP No. 09-1418**

Metro has completed its evaluation of the proposals received for the above referenced solicitation. Proposals were received from Allied Waste Transfer Services of Oregon, LLC (Allied); Green Waste/Zanker (GWZ); and Recology Oregon, Inc. (Recology). The Evaluation Committee has evaluated the proposals in accordance with the RFP selection criteria and hereby presents its results:

<b><i>Metro Central</i></b>		<b><i>Metro South</i></b>	
<u>Proposer Name</u>	<u>Score</u>	<u>Proposer Name</u>	<u>Score</u>
Recology	84.9	Allied	74.6
Allied	78.6	Recology	65.5
GWZ	57.2	GWZ	56.8

Metro shall initiate negotiations with the top-ranked firms for each transfer station (Recology for Metro Central and Allied for Metro South). These firms will be contacted in the near future with a proposed schedule for an initial meeting to discuss the negotiating process in more detail.

In the event negotiations are unsuccessful, Metro reserves the right to enter into negotiations with other firms submitting proposals until it has successfully reached an agreement to recommend to the Metro Council for award. All proposers will receive a Notice of Intent to Award when a firm has been selected for each transfer station.

The Metro Council's consideration of the recommended contracts will include a detailed evaluation report, which will be made available to all proposers later this month.

Metro appreciates your participation in this project and wishes to thank each firm for submitting a proposal on this project. Please contact our project manager, Chuck Geyer, at 503-797-1691 or [chuck.geyer@oregonmetro.gov](mailto:chuck.geyer@oregonmetro.gov) if you require additional information.

Sincerely,

A handwritten signature in cursive script that reads "Darin Matthews".
