Metro  
Robert Knight  
600 NE Grand  
Portland, Oregon 97232-2736

Dear Mr. Knight:

Please be advised that we have received and filed, as of June 14, 2005, the following records annexing territory to the following:

Ordinance/Resolution Number(s)	Our File Number
ORD NO 2005-01 (City of Forest Grove)	AN 2005-0130
ORD NO 2005-07 (City of Forest Grove)	AN 2005-0131
ORD NO 2005-08 (City of Forest Grove)	AN 2005-0132
ORD NO 2005-09 (City of Forest Grove)	AN 2005-0133

For your records please verify the effective date through the application of ORS 199.519.

Our assigned file number(s) are included in the above information.

Sincerely,

Linda Bjornstad

**ORDINANCE NO. 2005-09**

**ORDINANCE ANNEXING CERTAIN TRACTS OF LAND INTO THE CITY  
LIMITS OF FOREST GROVE AND WITHDRAWING THE TRACTS FROM  
WASHINGTON COUNTY ENHANCED LAW ENFORCEMENT DISTRICT,  
WASHINGTON COUNTY URBAN ROADS MAINTENANCE DISTRICT AND  
THE FOREST GROVE RURAL FIRE PROTECTION DISTRICT**

**FOREST GROVE MAKES THE FOLLOWING FINDINGS:**

**WHEREAS**, the City received a complete petition from property owners and registered voters of certain tracts of land depicted on the attached map (Exhibit B) and described in Exhibit A of this ordinance, requesting that their property be annexed to the city limits of Forest Grove; and

**WHEREAS**, the City received written consent from a majority of the electors in the territory proposed to be annexed and owners of more than half the land in the territory proposed to be annexed, before the date of the public hearing, as required by ORS 222.170(2); and

**WHEREAS**, the tracts of land are contiguous to the City and can be served by City services; and

**WHEREAS**, the City Council dispenses with submitting the question of the proposed annexation to the electors of the City for their approval or rejection; and

**WHEREAS**, the tracts of land lie within the boundary of the Washington County Enhanced Law Enforcement District; and

**WHEREAS**, the tracts of land lie within the boundary of the Washington County Urban Roads Maintenance District; and

**WHEREAS**, the tracts of land lie within the boundary of the Forest Grove Rural Fire Protection District; and

**WHEREAS**, the City conducted a public hearing and mailed, published and posted notice of the public hearing as required by law; and

**WHEREAS**, a report was prepared as required by law, and the City Council having considered the report and the testimony at the public hearing, does hereby favor the annexation of the subject tracts of land and withdrawal from the districts based on findings and conclusions attached hereto as Exhibit C; and

**WHEREAS**, the annexation and withdrawals are not contested by any necessary party.

**NOW THEREFORE, THE CITY COUNCIL OF THE CITY OF FOREST GROVE  
ORDAINS AS FOLLOWS:**

**Section 1.** The tracts of land, described in Exhibit A and depicted on the attached map (Exhibit B), are declared to be annexed to the City of Forest Grove, Oregon.

**Section 2.** The tracts of land annexed by this ordinance and described in Section 1 are withdrawn from Washington County Enhanced Law Enforcement District, Washington County Urban Roads Maintenance District and the Forest Grove Rural Fire Protection District.

**Section 3.** The findings and conclusions attached as Exhibit C are adopted. The City Recorder shall immediately file a certified copy of this ordinance with Metro and other agencies required by Metro Code Chapter 3.09.050(g) and ORS 222.005. The annexation and withdrawals shall become effective upon filing of the annexation records with the Secretary of State as provided by ORS 222.180.

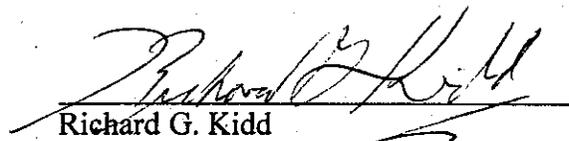

**PRESENTED AND PASSED** the first reading the 28<sup>th</sup> day of March, 2005.

**PASSED** the second reading the 14<sup>th</sup> day of April, 2005.

Anna Ruggles  
City Recorder

**APPROVED** by the Mayor this 14<sup>th</sup> day of April, 2005.

Richard G. Kidd  
Mayor

**EXHIBIT A**  
**Proposal ANX-04-06**

**Legal Description**

## Exhibit "A"

A tract of land situated in the East ½ of Section 31, Township 1 North, Range 3 West, of the Willamette Meridian, in the County of Washington, and State of Oregon, more particularly described as follows:

Commencing at the NE corner of the William Stokes DLC 61; thence West 9.305 chains to a point; thence South 00°04' East 383.0 feet to the true point of beginning; thence from said point of beginning South 00°04' East 1247 feet more or less to a point; thence South 89°57' West 198.59 feet to a point; thence North 00°04' West 325.57 feet; thence South 89°57' West 416.95 feet to a point; thence South 325.57 feet; thence West 275.22 feet; thence North 405.5 feet more or less to the initial point of PATRICK SUBDIVISION, a duly recorded plat Washington County Records; thence West along the South line of Lot 6 of said plat, 288.5 feet to the Southwest corner of said Lot 6; thence North along the West line of said Lot 6, 380.5 feet to the Northwest corner thereof; thence East 288.5 feet to the Northeast corner of said Lot 6; thence North 25 feet; thence East 138 feet; thence North 175 feet; thence West 138 feet; thence North 202.44 feet more or less to a point; thence West 80 feet; thence North 80 feet; thence East 80 feet; thence North 357 feet; thence East 275.22 feet; thence South 618.9 feet; thence East 456.81 feet; thence North 235 feet; thence North 89°56' East 145.3 feet to a point; thence continuing North 89°56' East 15 feet to the point of beginning.

**EXHIBIT C**  
**Proposal ANX-04-06**

**FINDINGS**

Based on the staff study and the public hearing the City Council found:

1. The territory proposed to be Proposal No. ANX 04-06 was initiated by a consent petition of the property owners and registered voters. There are two property owners and three registered voters. The petition meets the requirement for initiation set forth in ORS 222.170 (2) (double majority annexation law) and Metro Code 3.09.040 (a) (Metro's minimum requirements for a petition).
2. The territory to be annexed consists of thirteen parcels totaling 24.53 acres. It is bounded by the city limits to the east and a portion of the western boundary of the subject area. It is located generally east of Hawthorne Street and Boyd Lane and the eastern terminus of 26<sup>th</sup> Avenue. More specifically the territory includes Washington County tax lots Map 1N 3 31 AC 3100, 3200, 3202 and 3400, Washington County tax lots Map 1N 3 31 DB 100, 101 and 200, and Washington County tax lot Map 1N 3 31 1001, 1002, 1004, 1006, 1007 and 1008 and, based on County tax assessor data, has a total value of \$1,761,170 and assessed value of \$703,980.
3. The annexation is necessary for the parcels to access public utilities and subdivide the parcel.
4. The annexation is consistent with the Metro criteria for annexations. The Legislature has directed Metro to establish criteria for annexations, which must be used by all cities within the Metro boundary. The Metro Code states that a final decision shall be based on substantial evidence in the record of the hearing and that the written decision must include findings of fact and conclusions from those findings. The Code requires these findings and conclusions to address the following minimum criteria:
  - 1) Consistency with directly applicable provisions in ORS 195 agreements or ORS 195 annexation plans. [ORS 195 agreements are agreements between various service providers about who will provide which services where. The agreements are mandated by ORS 195 but none are currently in place for this area. Annexation plans are timelines for annexations that may only be done after all required 195 agreements are in place and that must have been voted on by the City residents and the residents of the area to be annexed.]
  - 2) Consistency with directly applicable provisions of urban planning area agreements between the annexing entity and a necessary party.
  - 3) Consistency with directly applicable standards for boundary changes contained in Comprehensive land use plans and public facility plans.
  - 4) Consistency with directly applicable standards for boundary changes contained in the Regional Framework Plan or any functional plans.

- 5) Whether the proposed boundary change will promote or not interfere with the timely, orderly and economic provision of public facilities and services.
- 6) If the boundary change is to Metro, determination by Metro Council that territory should be inside the UGB shall be the primary criteria.
- 7) Consistency with other applicable criteria for the boundary change in question under state and local law.

The Metro Code also contains a second set of 10 factors which are to be considered where: 1) no ORS 195 agreements have been adopted, and 2) a necessary party is contesting the boundary change. Those 10 factors are not applicable at this time because no necessary party has contested the proposed annexation.

5. The annexation is consistent with State and regional planning requirements. These include: State land use Goal 14: Urbanization; Metro Regional Framework Plan:

State Land Use Goal 14. Goal 14 requires communities, "To provide for an orderly and efficient transition from rural to urban land use. The goal specifies that conversion of urbanizable land to urban uses be based on: orderly, economic provision of public facilities; availability of sufficient land for various uses; LCDC goals or the acknowledged comprehensive plan; and encouragement of development within urban areas before conversion of urbanizable areas.

Regional Framework Plan. This territory is inside Metro's jurisdictional boundary and inside the regional Urban Growth Boundary (UGB). The law that requires Metro to adopt criteria for boundary changes specifically states that those criteria shall include ". . . compliance with adopted regional urban growth goals and objectives, functional plans . . . and the regional framework plan of the district [Metro]." The Regional Framework Plan, which includes the regional urban growth goals and objectives, the Growth Management Functional Plan and the Regional Transportation Plan were examined and found not to contain specific criteria applicable to boundary changes.

6. The annexation is consistent with Washington County planning policies. The Metro Code states that the Council's decision on this boundary change should be ". . . consistent with specific directly applicable standards or criteria for boundary changes contained in comprehensive land use plans, public facility plans . . ." Thus the applicable plans must be examined for "specific directly applicable standards or criteria."

The territory is designated and zoned FD-10 (Future Development – 10 acre district).

309-1 Intent and Purposes

This zoning applies to the unincorporated portions of some city active planning areas where these cities are the only available source of urban services. . . The FD-10 District provides recognition of the desirability of encouraging and retaining limited interim uses until a need for more intensive urban land use activities develops and such lands are annexed to a city.

Washington County's urban growth management policies require urban development to be accompanied by adequate urban services. The growth management policies define both urban development and necessary urban services. Public sewer, public water and a balanced urban level transportation system are the primary urban services considered.

Washington County reviewed its role in service provision in its County 2000 program, the County's financial management plan. The County established a policy of supporting a service delivery system that distinguishes between municipal and countywide services. To achieve tax fairness and expenditure equity in the provision of public services the County's policy is to provide only countywide services with general fund revenues. The County policy favors municipal services being provided either by cities or special districts.

7. The subject territory is within the area covered by a Urban Planning Area Agreement (UPAA), jointly prepared and adopted by Washington County and the City of Forest Grove. The annexation is consistent with the UPAA and its purpose is to coordinate land use actions within the City's planning area. Pertinent portions of the UPAA are as follows:

\* \* \*

III. Planning Responsibilities

- A. The following policies are intended to further clarify the respective planning interests and duties of the CITY and the COUNTY as they relate to the Forest Grove Urban Planning Area:

2. The CITY shall be responsible for comprehensive planning in the incorporated and unincorporated portions of the CITY's urban planning area, and shall implement the planning process outlined in the CITY's comprehensive plan. The COUNTY shall support the planning process and participate as necessary.

\* \* \*

9. Urban development in the urban planning area shall be served with adequate urban services including sewer, water, storm drainage, streets, and police and fire protection. The CITY shall be responsible for the preparation, adoption and amendment of the public facility plan required by OAR 660-11 within the urban planning area.
10. As required by OAR 660-11-010, the CITY is identified as the appropriate provider of local water, sanitary sewer, storm sewer and transportation facilities within the urban planning area. Exceptions include facilities provided by other service providers subject to the terms of any intergovernmental agreement the CITY may have with other service providers not covered by an intergovernmental agreement; and future facilities that are more appropriately provided by an agency other than the CITY. The CITY shall provide urban services consistent with annexation and fiscal policies.

11. The CITY has developed a transportation plan which addresses the existing and future traffic needs of the urban planning area. The CITY shall coordinate local transportation plans, proposals and improvements with the COUNTY.

\*\*\*

13. The CITY shall monitor and regulate the conversion of vacant and agricultural land to urban uses through the extension of water and sewer service, land partitioning requirements and annexations within the urban planning area. Unincorporated urbanizable land shall not be converted to urban development prior to annexation to the CITY.

8. The City of Forest Grove has active planning responsibility for the entire area within the regional urban growth boundary surrounding the City. This territory is within the boundary.

The City Comprehensive Plan covers the territories to be annexed. The current Comprehensive Plan designation for the territory is High Density Residential (20.28 units per net acre), Medium Density Residential (12 units per net acre) and General Industrial. The zoning of the property will change upon annexation from the current County zone (FD-10) to the City designation of Multi-Family Residential (A-2), Two-Family Residential (A-1) and General Industrial according to standards outlined in City Zoning Code 9.614, which requires the appropriate zone district upon annexation according to the underlying comprehensive plan designation.

The City's comprehensive plan policies were reviewed for policies related to annexation. The following policies are pertinent:

#### Local Urbanization Goals

1. Land shall be made available within the urban growth boundary to meet all urban land use needs.
2. Utility services shall be provided incrementally without bypassing large parcels of vacant land to serve peripheral parcels.

#### Local Urbanization Policies

2. All lands within the Urban Growth Boundary shall be assigned priorities for urban development. Priorities shall be based on the City's ability to provide urban services and the orderly and efficient timing of service extensions. These priorities shall be the basis for making decisions on all development proposals and requests for annexation.
3. Provide for an Urban Growth Management Strategy to set forth policies on the urbanization of vacant and agricultural land. The policies should cover the extension of water and sewer service, land partitioning requirements, zoning, and annexations within the Urban Growth

Boundary. The strategy shall provide for the orderly and cost-efficient accommodation of anticipated urban growth for the next 10 years.

4. Trunk lines for utilities shall be extended only to service areas which are adjacent to existing development.
5. Sewer and water utilities shall not be extended beyond the City's corporate limits and shall be provided only after annexation.

Urbanization policy 2 calls for the City to designate priority areas for urban development. The City has not established a prioritization system for urban development. Similarly, urbanization policy 3 calls for the City to develop urban growth management policies. The City's a growth management strategy is represented by the Comprehensive Plan. The property has the necessary urban services available with adequate capacity and is thus consistent with the intent of policies 2 & 3. Policy 4 and 5 prohibits extension of utility outside the City and only to area which are adjacent to existing development. This area is adjacent to existing development.

9. The site falls within the northeast service area of the City's Sewer Master Plan. The topography of this area generally drains from south to north. There is no sewer line immediately adjacent to the territory. It is anticipated that development within the territory would extend northward along Juniper Lane and then eastward about 200 feet from the territory to an existing manhole for the CWS 36 inch trunk line. The manhole is located on tax lot number 1N3 31 AD00100 which is outside the city limits and not part of this or any other annexation request. The CWS line conveys sewerage from Forest Grove to the Hillsboro Treatment facility. The development of the site will require adequate provision of sanitation service as part of the City's land division review process. Further, the implementation of the Sewer Master Plan for this territory represents a logical extension of sewer service by development either connecting to the existing 24 inch line along 23<sup>rd</sup> Avenue or participate in the development of the proposed 8 to 10 inch line. The connection to the existing sewer line would not be bypassing large, vacant parcels, and the development of the proposed 8/10 inch line would also be bypassing large, vacant parcels if ANX 04-06 was approved and development occurred in that territory.

Forest Grove receives treatment and disposal of waste water and transmission services from the Clean Water Services County Service District. Forest Grove provides its own collection system while Clean Water Services provides regional transmission and sewage treatment services.

Clean Water Services' Hillsboro sewage treatment plant, is located on First Street in that community. The plant serves portions of the communities of Hillsboro, Forest Grove and Cornelius. Clean Water Services built an intertie between the various treatment plants. If there is any problem at the Hillsboro plant sewage can be diverted to the Rock Creek plant.

The City is responsible for billing its customers after service is installed and for collecting sanitary and storm sewer connection fees. If the City imposes the same

connection fees and use charges as Clean Water Services, it simply passes these monies on to Clean Water Services to pay for the costs of treatment and transmission of the sewage or storm water. The City may impose higher costs than Clean Water Services charges and keep the difference to offset City costs. Forest Grove does not charge a higher fee. The City assesses system development charges (SDCs) upon development of the property.

10. The property has water service available with adequate capacity. There is a 10 inch diameter line on 23rd Avenue to Hawthorne Street and an 8 inch line extending northward along Hawthorne Street. At 26<sup>th</sup> and Hawthorne, the proposal is to extend this 8 inch line eastward to the territory along 26<sup>th</sup> Avenue. The Water Master Plan proposes an 8 inch line from 26<sup>th</sup> Avenue northward along Boyd Lane. Part of the territory would have frontage on Boyd Lane where this proposed line would be located. Thus, water service is currently available to the territory.

The City of Forest Grove has two sources of water supply. The primary source is the Forest Grove watershed, consisting of 4,300 acres of the Clear Creek drainage basin. (The City also has water rights from Gales Creek.) Water from the Forest Grove watershed is treated at the City's treatment plant located in the northwest section of the City. The treatment plant has a capacity of about 3.0 million gallons per day (mgd). The other major source is the joint Hillsboro/Forest Grove/Beaverton water treatment plant, which is supplied from the Trask and Scoggins impoundments via the Tualatin River. The joint water supply system has a nominal capacity of 60 mgd. Forest Grove owns 13.3 percent (8 mgd) of the system's capacity.

The City's main storage reservoir is located adjacent to the Forest Grove Water Treatment Plant. It has a storage capacity of 5 million gallons (mg). This is adequate for the existing system. An additional reservoir provides 1 mg of storage for the Forest Gale Heights area.

11. Onsite storm water and water quality facilities would likely drain to Highway 47 and Council Creek to the north. Clean Water Services (CWS) County Service District is responsible for storm water management in Washington County. Due to the City's Intergovernmental Agreement with CWS, adequate storm water facilities meeting CWS standards will be required as part of any development approval

The District levies an annual assessment of \$3 per dwelling unit of which \$2.24 goes to the City. Upon development of the property the City charges a system development charged for each dwelling unit.

12. The territory to be annexed is within the Washington County Enhanced Sheriff's Patrol District which, in addition to the basic County-wide level of protection, provides .94 officers per 1000 population. The City may withdraw the territory from the District upon annexation. If the City declares the territory withdrawn from the District on the effective date of the annexation the District's tax levy will no longer apply.

Upon annexation the City of Forest Grove Police Department would assume responsibility for the property. The City employs 26 officers, equating to 1.46 officers per 1000 population. The department operates on three ten-hour shifts, 7 days a week. Manpower for each shift is determined by calls for service.

13. The territory is within the boundary of the Forest Grove Rural Fire Protection District, The City may withdraw the territory from the District upon annexation. The City will declares the territory withdrawn from the District on the effective date of the annexation the District's tax levy will no longer apply.

The City Fire Department provides service to the District on contract. Fire service is provided from two fire stations. The new main station (constructed in 1995) is located in the center of the City on Ash Street. The second station is located in the Gales Creek area. The City plans a third fire station along David Hill Road to serve expected development within the City.

The Department operates with 19 paid fire fighters and 42 volunteer fire fighters. The City provides four to eight paid personnel on duty at all times at the Ash Street station. On all alarms, the volunteers respond to the station along with off-duty paid personnel. All personnel are provided with tone-activated radio receivers. Night responses are augmented by the resident volunteers at the station. The Fire Department is equipped with 5 engines; 2 tankers; 5 pick-ups; a 104' platform truck; a command vehicle; a utility vehicle; and one rescue unit.

14. The territory to be annexed is within the boundary of the Washington County Urban Road Maintenance District. The City can withdraw the territory from the District upon annexation to the City.
15. The City has community park facilities available. The City of Forest Grove maintains one large community park (Lincoln) and two fully developed neighborhood parks (Joseph Gale and Rogers). There are three playgrounds included in the City park system (Bard, Hazel Sills, and Talisman). A future community park is planned at the intersection of David Hill Road and Thatcher
16. The City of Forest Grove provides a municipal utility for electric power through its City Light and Power Department. Forest Grove provides library services, land use planning, zoning, building and general administration services.

## REASONS FOR DECISION

Based on the Findings, City Council Determined:

1. The Metro Code at 3.09.050(d)(3) calls for consistency between the City's decision and any "specific directly applicable standards or criteria for boundary changes contained in comprehensive plans, public facilities plans. . . ." The Council has reviewed both the County comprehensive plan which currently applies to these parcels and the City Comprehensive Plan which will apply upon annexation.

The County Plan does not contain any criteria directly applicable to annexations. The County 2000 program suggests that the County supports all urban lands annexing to cities.

The City's plan provides in Urbanization Policy 5 that sewer and water utilities may not be extended to lands outside the City limits and may only be provided after annexation. Thus, the plan anticipates that all lands within the City's urban planning area will be urbanized by first annexing to the City and then extending urban services to annexed areas.

Certain policies within the City's comprehensive plan contain criteria indirectly applicable to annexation decisions. Local Urbanization Goals 1 and 2 and Policies 2 through 4 suggest that lands should only be annexed if the City can provide adequate urban services in an orderly and efficient manner; that anticipated growth should be accommodated in an orderly and cost-efficient manner; and should be adjacent to existing development. The territory is adjacent to land to the east, west and south within the City of Forest Grove sewer and water services are immediately adjacent to the subject site. Therefore, the annexation and the eventual extension of services to the properties would be logical, promoting orderly and efficient timing of the delivery of services. Thus, the annexation is consistent with the intent of policies 2 and 3. The proposal is to annex the territory to the City so that sewer and water utilities can be provided to the territory within the City. Urbanization policy 5, requires that properties are within the City limits before service are extended, would be satisfied upon annexation.

The Council concludes that the annexation is consistent with the applicable plans.

2. Metro Code 3.09.050(d)(1) requires the Council's findings to address consistency with applicable provisions of urban service agreements or annexation plans adopted pursuant to ORS 195. There are no such plans or agreements in place. Therefore the Council finds that there are no inconsistencies between these plans/agreements and this annexation.
3. The Council notes that the Metro Code also calls for consistency of the annexation with urban planning area agreements. As stated in Finding No. 7, the Forest Grove-Washington County UPAA specifically says that the County assumes this area will be served by the City. Therefore, the Council finds the annexation to be consistent with the UPAA.

4. The Metro Code calls for consistency of the annexation with the Regional Framework Plan or any functional plan. Because there were no directly applicable criteria for boundary changes found in the Regional Framework Plan or the Urban Growth Management Function Plan or the Regional Transportation Plan (see Finding No. 4) the Council concludes the annexation is not inconsistent with this criterion.
5. Metro Code 3.09.050(e)(3) states that another criterion to be addressed is that the annexation will not interfere with the timely, orderly and economic provision of public services and facilities. The Council finds the City's services will be adequate to serve the proposal before development is allowed and that the timely provision of services will not be negatively affected by the annexation. Therefore, the proposed boundary change promotes the timely, orderly and economic provision of services.
6. The City may specify in its annexation Ordinance that the territory will be simultaneously withdrawn from the Washington County Enhanced Law Enforcement District, Washington County Urban Roads Maintenance District and the Forest Grove Rural Fire Protection District. The City is not part of any of these districts. The services provided by these districts are provided by the City from City resources. To prevent the property from being taxed by both the Districts and the City, the territory should be simultaneously withdrawn from these Districts.
